PERSIMMON CREEK

We are having some spring days now.

We are glad to say that our prayer services are being carried on again after a few Sunday nights of weather so bad that people couldn't go out and be in the great work that is so badly needed in our settlement, and at other places. We have been trying to have prayer services every Sunday night for almost two years, at the church or in the homes of our community, and we feel and realize that we all have been greatly benefited by trying to carry on the work that God has left here for his people to carry out, and try to point out the way to sinners that they would be saved. Interesting new uses for baking powder

TO KEEP rice or bread pudding from becoming soggy, add to your recipe a little Snow King Baking Powder.

Your pie crust will be lighter and flakier if you add half a teaspoonful of Snow King.

Stuffing or dressing for chicken or turkey is better if you add a little Snow King.

Mashed potatoes or carrots are lighter, fluffier, more appetizing when a pinch of Snow King is stirred in with the milk

and then beaten thoroughly.

When you make your next omelette, use a teaspoon of Snow King to every four eggs and beat thoroughly. It will be the best you have ever tasted.

These are all hints from our Snow King experimental kitchens—tested and approved by our experts. Write for a copy of our 44 page cook book containing 300 splendid baking recipes.
