ROAD MEET AT MURPHY ON JUNE 1

Special Motorcade Planned—Prominent Speakers To Attend—Tentative Program Announced

At a special meeting of the executive committee of the Nacoochee-Hiwassee Road and Recreation Association in the court house at Blairsville Saturday it was decided to hold the annual meeting of the Association in Murphy on June first. This is the fifth annual meeting of the Association, which embraces seven counties in North Georgia, East Tennessee and Western North Carolina. At the coming convention the desirability of enlarging the territory covered by the Association and of changing the name to be more inclusive will be taken up.

The Regal in Murphy will be headquarters for the convention. In the evening a banquet will be served there for the guests attending the convention. Not only the prominent road and recreation officials of the territory embraced will be present at this convention, but it is expected that several speakers of note from the Highway and Forestry departments of the two states will be in attendance, and perhaps one or two speakers of national prominence.

James P. Davidson, Secretary of the Association, of Cleveland, Ga., is working out the details of the program. B. W. Sipe of Murphy was appointed on the central committee to make plans at the Murphy end for taking care of the delegates and arrange amusement features.

At the Blairsville meeting also, plans were worked out for a picnic celebration on Neels Gap, celebrating the fifth anniversary of the first motorcade through this mountain section, which was sponsored by the Atlanta Constitution. It was decided that the meeting on the mountain should be held on June 2nd, and that the public be asked to bring basket dinners and stay the better portion of the day. It is expected that the Nacoochee-Hiwassee Road and Recreation Association delegates at Murphy on the night of June 1st will move on over to the Neel Gap celebration on June 2nd and take part in that meeting.

In addition to celebrating the fifth anniversary of the first motorcade over the mountains, it is expected that Gap on the 2nd to open up a new movement will be launched at the trunk line highway from Birmingham, Alabama, by way of Rome, Helen, Blue Ridge, Blairsville and Murphy and then on over the Appalachian Scenic Highway to Asheville and on to New York and the East. This is considered a most important road as it will be a direct north and south route and open up another great section of the country and turn tourists to and from it through our mountain country. The people in Alabama are anxious for the road and several of the counties of Georgia are already working to the end that the missing links in the route might be opened up. This meeting on Neel's Gap, therefore, will be of interest not only to the people of this immediate section but to those all along the route as far north as Asheville and as far South as Birmingham and New Orleans. It is therefore expected that a record crowd will attend this picnic celebration.

Attending the meeting in Blairsville were H. J. Nitschke of Blue Ridge, Dr. J. A. Sharp of Young Harris, Judge V. M. Waldroup, Ordinary of Union County, Messrs F. J. Collins, A. P. Ledford, D. J. Miller, Tax Assessors of Union County; Col. Pat Haralson, Mr. and Mrs. B. H. Stone, W. J. Sullivan, James P. Davenport, J. A. Brackett, C. L. Butt and others of Blairsville; and Mr. and Mrs. H. P. Cooper and Mr. and Mrs. B. W. Sipe of Murphy.

YOUNG HARRIS COMMENCEMENT ENDED MONDAY

Graduating Class of Ninety-Five One of Largest in History of The College

Commencement Exercises at Young Harris College ended Monday night, May 23rd, with the baccalaureate address by Dr. J. A. Sharp, President, and the delivery of diplomas to a class of ninety-five members, said to be the largest class in the history of the institution.

This commencement marked the conclusion of one of the most successful scholastic years of Young Harris. Many visitors, friends and alumni of the college, were in attendance for the occasion, and included a number from Murphy and this section. It lasted over a period of five days and nights.

The Enotah Echoes, the college publication, its last issue for the school year, appearing May 18th, was an elaborate edition. It contained individual pictures of the graduating class, the faculty, group pictures of other classes and activities of the college, as well as a number of scenes of the campus and information relative to the college, class and commencement. Andrew Avery of Bainbridge, Ga., was editor-in-chief of the paper this year.

It will be interesting to his many friends here to know that Charles Clegg, son of Rev. M. B. Clegg, a former pastor of the Methodist Church here, made an enviable record at Young Harris, graduating this year. Charles was president of the class, a member of the Phi Chi Society, being president of the society last year; superintendent of the Sunday School this year, and a member of the Champion Debating team for '26 and '27.

New Hotel Proposition and Other Important Questions Discussed

At the regular meeting of the Lions Club in the parlors of the Methodist Church Tuesday evening the following officers were elected for the ensuing year:

W. M. Fain, President; G. W. Ellis and C. W. Bailey, vice Presidents; B. W. Sipe, Secretary; E. E. Adams, Treasurer, R. W. Gray, Lion Tamer; T. L. Sasser, Tall Twister. The following were elected as directors: C. K. Hoover, P. Witherspoon, H. G. Elkins, and E. P. Hawkins.

The new hotel proposition for Murphy came in for a great deal of discussion, and was endorsed. It was the consensus of opinion among the Lions that its successful termination would be one of the greatest benefits to the town, and the different speakers urged that the Lions get behind the project both individually and as a club. W. M. Fain, B. W. Sipe, E. E. Adams and others discussed the advantages it would be to Murphy.

The Lions also endorsed the road meeting to be held at Murphy on June 1st, and urged the members to attend and seek to arouse as much interest in the meeting as possible. The road meeting and situation with reference to this section was discussed by practically every Lion present.

The meeting was a most interesting and enthusiastic one.

THE MEXICAN BEAN BEETLE

The Bean Beetle is with us again, and it looks as if we were going to have to fight him rather strenuously. I have been asked several times in the last few days what to use so I will give the material again so that every one may have the information.

As a dust take one pound of calcium arsenate and mix with 9 pounds of lime and after well mixing, dust the under side of the leaves.

If you prefer to use the liquid form: 3-4 pound calcium arsenate and one and one-half pounds of lime and fifty gallons of water will give you the proper spray. For smaller quantities use one ounce of calcium arsenate to two ounces of lime and four gallons of water. You should begin to dust or spray as soon as you see the first indication of the beetle or even the eggs. Either method that you use you should be very careful to get the solution and dust on under side of the leaves or it will be useless to do either. The beetle works only on the underside of the plant. From four to three applications should be applied according to the number of beetles.
