WALTER C. WITT, DEALER, MURPHY, N. C.

Carefully Graded Lumber

means you get just what you pay for. There's a lot of comfort in knowing that your lumber came from a concern with a reputation too good to risk by careless grading. We always try to give our customers the benefit of the doubt. If a board is a "tolerable first," it's a "second" with us, and so graded and priced. Ask the carpenters.
