LEGION THANKS THOSE AIDING IN 4TH PROGRAM

Strong Appeal Made to Ex-Service Men To Affiliate With Post

The Joe Miller Elkins Post of the American Legion, at its regular meeting last Thursday night, appointed a committee to draw up resolutions thanking those who in any way contributed toward the success of the program given on July fourth at Cherokee Park.

Among other important matters transacted by the Post was the election of Robert E. Graves as a full fledged member, and formulation of plans for a labor day celebration on the first Monday in September.

Reports from the membership committee were gratifying and prospects are bright for the Joe Miller Elkins Post to become one of the strongest in Western North Carolina.

"We want to make a strong plea to the veterans of Cherokee, Clay and Graham counties to affiliate with us," stated Harry P. Cooper, who is vice commander and chairman of the membership committee, to a representative of this paper.

"This post has already been of real service to ex-service men," he continued. "One case in particular was that of an ex-service man who came through a week or so ago from Canton, Ga., bound for Oteen Hospital at Asheville. While enroute to Murphy on the train with his wife and baby, someone lifted his pocket-book containing all his money, and as a consequence he was broke when he arrived at Murphy. His condition was so that he had to be carried to the hotel and to and from the station on a stretcher. He was a stranger here, suffering from sickness and misfortune. His entrance papers to Oteen hospital were good. Mrs. Dickey graciously provided a room and food for himself and his family, and the local Legion boys together with the aid of the local welfare worker, came to his aid and raised a fund sufficient to send him on to Oteen and allow him a few dollars extra, and also made arrangements for someone to meet him at Asheville.

"This is only one instance of the real service the American Legion is rendering to the boys who stood by their country in time of trial," he concluded, "and who knows at what time or at what place someone of us might be found in the same misfortune?"

"I wish to appeal to all ex-service men in Cherokee, Clay and Graham counties to affiliate with us and thus form one of the strongest Posts in Western Carolina."

The resolution follows: Whereas, on July Fourth the Joe Miller Elkins Post of the American Legion held a program at Cherokee Park featuring two ball games between Murphy and Andrews and patriotic addresses by prominent local speakers; and

Whereas, to show our appreciation for the splendid co-operation of the Andrews and Murphy baseball teams, the Mayor and city Council and police force, the ladies of Murphy who furnished sandwiches, etc; the boys and girls and young men and young women who so graciously gave of their time, the speakers for the occasion, and every person who contributed in any way toward the success of the program;

Be it resolved, that this body in regular session assembled, hereby publicly express and acknowledge its gratitude, thanks and appreciation to each and every one; and

Be it resolved, further, that a copy of these resolutions be spread upon the minutes of this Post, and a copy furnished the Cherokee Scout for publication.

Respectfully submitted,
HARRY P. COOPER,
H. G. ELKINS,
C. W. BAILEY, Committee.

Fred O Scroggs, prominent merchant of Brasstown, has one among the finest collections of Indian relics it is believed that is to be found in this part of Western North Carolina. The collection includes some 700 arrow heads, of different sizes and shapes, made of many different materials. He knows each of the ancient instruments in his possession and what it was used for, and it is an interesting study in Indian history to listen to his explanation and description of them. Some of them were taken from an Indian mound near Brasstown, and others were collected from the woods and fields over a period of many years. It is Mr. Scroggs' intention to mount all the relics in the near future.

The stone dish is near perfect, as is also a number of the arrowheads, tommy hawks, pipes and spears. The arrow heads are of jasper, milky quartz, clear quartz, and black black quartz. He has the collection on display in a show case in his store.

SIX HUNDRED MILE JAUNT TO BE ROAD 10 AD

Old Fort Broker To Put Carolina's Main Street On Map

For the purpose of advertising, both State-wide and nationally, and stimulating interest among people in the country and in town on Route 10, in North Carolina, D. T. Roughton, erstwhile lawyer and now a broker, of Old Fort, N. C., will make a 600-mile drive over Route 10, starting on July 15, from Morehead City, at daylight, and proceeding westwardly, through about twenty-five counties to a point twelve miles beyond Murphy, at which point the route ends on the Georgia border.

Route No. 10 is the longest highway in any State east of the Mississippi and perhaps the longest highway in one State in America; and it can easily be termed the "Main Street of North Carolina" because of the fact that about one-third of the entire population of North Carolina lives in the counties through which it passes.

Mr. Roughton will have the cooperation of all the newspapers and civic organizations and police authorities along the route and also the Carolina Motor Club. They will gather interesting data over the long trail from the palms to the balsams.

The new speed law went into effect on July 1 and, after careful study Mr. Roughton has figured that he will make the distance in daylight, on account of the speed permitted under the new regulation and the fact that he will wind up about 600 miles west of his starting point and about 2000 feet higher, thereby gaining about one hour extra daylight. The sun, he has calculated, will set forty minutes to an hour later at Murphy than at the starting point.

Route No. 10, it is declared, is decidedly the most interesting highway in America, beginning at the ocean and passing through the coastal plain Piedmont and thru unsurpassed beautiful mountain country. It offers the most varied scenery to be found on any one highway in one State in America.

The route passes through thirty towns, of one thousand or more inhabitants, and for a distance of approximately 85 miles will pass through incorporated municipalities which will naturally cut down the speed somewhat. The driving will be absolutely within the speed regulations.

Mr. Roughton is familiar with the entire stretch of Route No. 10, having been over the route from one end to the other several times and he has for sometime been interested in promoting Route No. 10, as the "Main Street of North Carolina." He even hopes to get every business along the route to publish on its stationery, "On Main Street of North Carolina."

The itinerary will be as follows: Beginning on the Atlantic Seaboard at Morehead City, July 15 at about 4:10 A. M. and proceeding westwardly with the sun.

Morehead City, 4:10 A. M.; New Born, 5:00 A. M.; Kinston, 6:00 A. M.; Goldsboro, 6:40 A. M.; Smithfield, 7:20 A. M.; Raleigh, 8:10 A. M.; Durham, 8:55 A. M.; Burlington, 9:40 A. M.; Greensboro, 10:25 A. M.; High Point, 10:50 A. M.; Thomasville, 11:05 A. M.; Lexington, 11:25 A. M.; Salisbury, 11:55 A. M.; Statesville, 12:35 P. M.; Newton, 1:30 P. M.; Hickory, 1:45 P. M.; Morganton, 2:30 P. M.; Marion, 3:05 P. M.; Old Fort, 3:25 P. M.; Black Mountain, 3:40 P. M.; Asheville, 4:10 P. M.; Canton, 4:45 P. M.; Waynesville, 5:05 P. M.; Sylva, 5:45 P. M.; Bryson City, 6:30 P. M.; Andrews, 7:45 P. M.; Murphy, 8:00 P. M.; Ga., N. C., Line, 8:20 P. M.

Mr. F. R. Farnum, dairy specialist of the N. C. Department of Agriculture was here several days last week. Mr. Farnum expects to return to the county during August for a week in the interest of dairy work in the county.
