VARIETY IS PROGRAM OF MUSIC CLUB

Vocal and Instrumental Solos, Choruses, Quartets, Readings and Comedietta are Features

The program of the Music Club, scheduled to be given Saturday night at 7:30, at the school auditorium, promises to be one of great variety, according to announcement this week by officers.

The program includes a "Soldiers Chorus from Faust, and "Caledonia Cradle Song" of mixed choruses, "Strumming," and "Golden Crown"—a negro spiritual—by male quartets. A one act play, entitled "Shattered Nerves" is the comedietta. Mrs. E. G. White will render the reading, "A Race with Time." Violin and piano solos will be rendered by Mr. V. G. Oseppoff and Miss Annie Graham Anderson, with many other interesting features.

The Music Club has rendered some unusually good programs in the past and the people of Murphy look forward to anything the Music Club puts on. The club is composed of the leading musicians of Murphy, and some exceptionally good music is in store for the music loving public.

During the past several weeks, a number of shows put on by professional talent have appeared in Murphy but none appearing have ever drawn audiences like local talent shows, and it is expected that a large crowd of people from Murphy and outlying districts will be in attendance upon the program given by the Music Club Saturday night.

A small admission will be charged, the proceeds of which go toward paying for the piano the Club has bought.

One of the saddest accidents that has ever happened in our community happened Sunday when Mrs. Birtha Stiles was thrown from a truck and killed. After the accident, she was rushed to Murphy and given medical aid, but death soon claimed her. We extend to the bereaved ones our heartfelt sympathy.

Mr. Axley Has Article In American Speech

Discusses Origin of Half-Rubber.

(The following article is taken from the Savannah, Ga., High school paper, and the many friends of Mr. Axley here will scan it with pleasure. He is a former Murphy boy, brother of our townsmen and postal clerk, Porter Axley):

In an article appearing in the August, 1927, issue of American Speech, Lowry Axley, head of the High School English department, declares that half-rubber had its origin in Savannah.

Mr. Axley outlines the rules of the game and quotes some of the explanations contributed by the boys themselves to show how the game was invented. Theories were given for the beginning of this game, agreeing in general points, but not in specific details.

Mr. Axley's article has been reprinted in the New York Sun, Savannah Morning News, the Southern Record, and other papers.

Was Prominent Worker in Spiritual and Social Life of Community and County

Mrs. M. A. Hyatt, 75 years old, died at her home in Marble last Friday afternoon about 5 o'clock, after an illness of about a week. She had been in feeble health for some time, but was taken seriously ill a week before death came.

Mrs. Hyatt was one of the most prominent and beloved women of her county and section. She had been a member of the Methodist church from early young womanhood, and took an active part in its work. She had been superintendent of the Sunday school at Marble for many years, and also one of its most efficient teachers. She will be missed greatly by those with whom she labored and loved, but her spirit and influence will be a shining light to them in future years.

May Run Highway Beneath Falls

Making accessible a scenic attraction of unique beauty is being contemplated by Highway officials who are considering the feasibility of pushing highway No. 28 beneath the leaping water falls of the Cullasaja River between Franklin and Highlands, it was learned yesterday from J. G. Stikeleather, Highway Commissioner for the Ninth district, who with J. C. Walker, engineer for the Ninth district, will make a trip to the water-falls this week.

Three routes are being considered for a link of highway about 20 miles long between Franklin and Highlands, one of which would take it under what is known as "Dry Falls." The falls derives its names from the fact that the water leaps from the over-hanging rock formation in such a way as to make it possible to pass beneath the water falls without getting wet.

A part of the highway has been graded already and about 11 miles remain to be finished. Many persons familiar with the course of the road suggest that it follow the river route and pass under the falls. Because of the undoubted scenic attractiveness that would be added to a route already replete with beauty, the proposition is being given serious consideration by state engineers. Mr. Stikeleather said. The new route between the two cities will cut the traveling distance about 15 miles.

P.-T. ASSOCIATION IS ORGANIZED LAST FRIDAY

First Friday Afternoon of Each Month Set As Regular Meeting Date of New Association

The Murphy Parent-Teacher's Association was organized Friday night at a meeting of parents and teachers at the Methodist church at seven o'clock. Mrs. R. C. Mattox, was elected president, Mrs. J. W. Davidson, Vice President, Mrs. W. M. Axley Secretary and Mrs. E. C. Mallonee treasurer. These four officers were suggested in a report of a non-nominating committee appointed some time ago which committee consisted of Mrs. E. B. Norvell, Mrs. S. D. Akin and Mr. J. D. Mallonee.

Preceding the business session the high school orchestra gave a number of musical selections. Evelyn Warren and Anne Candler each gave a reading as part of the entertainment feature. At the conclusion of the program Miss Bailey and some of her economic students served refreshments.
