Editor Scout  
Murphy, N. C.  
Sir:

I am sending you a sample of Copper Ore, taken from Jas Roper's place on Shoal Creek. This vein is over 100 feet wide. This is a piece taken from surface rock where the creek has run over it for years.

At foot of hill at bank of creek the bed rock is laid with good iron ore and when it crosses the creek it shows the kind of ore and as you dig down in it the better it shows. If you see any one interested in copper and iron please advise them to call on me or Jas Roper.

Yours truly,  
LON ROPER

Tom Tarheel says he has just finished pruning his orchard. There is nothing like plenty of fruit on the home place, he states.

## Are You Overdoing?

### Overwork Throws a Heavy Burden on the Kidneys.

OVERWORK, rich foods and stimulating drinks put extra burdens on our kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one languid, tired and achy, with dull headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions.

Use Doan's Pills. Doan's, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor.
