

Scenes and Persons in the Current News

1—Thomas A. Edison untying the ribbon across the new \$500,000 bridge over the Caloosahatchee river at Fort Myers, Fla., named for him, on his eighty-fourth birthday. 2—Building of the Smithsonian Institution in Washington which will be razed to make way for a new street. 3—Governor Emmerson of Illinois, the Japanese ambassador and Maj. G. L. Swift, representing the President, at the rededication of Lincoln's tomb in Springfield, Ill.

Gathering Russian Grain to Dump on Markets

Giving an idea of how Russia is engaged in gathering all the wheat raised throughout the vast domain in order to dump it on the world's markets at a low price, this photograph of one of the stations in Asiatic Russia shows peasants bringing in their grain.

Scrapping the World's Shortest Railroad

What was said to be the shortest railroad in the world, running for one and one-half miles between the docks and warehouses on Governors Island, has been condemned by the United States army and torn up. Built during the war to transport stores and machinery on the island, the railway, with the official name, Governors Island railroad, gradually decreased in usefulness.

This Seems to Make Flying Quite Safe

Here is the airplane of a new type, designed by Albert A. Merrill and successfully tested at the Glenn Curtiss airport on Long Island. Apparently it cannot dive stall or spin, and the pilot, cutting off the power several hundred feet in the air and taking his hands from the controls, landed it gently and slowly.

WORTH RECORDING

America has more than 5,000 place names of French origin. American students who go abroad to study music spend \$7,500,000 there annually. One of the best methods of feeding wild birds in winter is to serve corn on the cob. Lepers, like tuberculosis patients, are required to follow a program of fresh air, rest and suitable food. The city of Paris has about 350 public drinking fountains which were given years ago by an English philanthropist. The fiber of the young cotton plant is round, but takes on a spiral form when the plant matures and the fiber walls collapse. Two pullman cars designed for transportation of sick and invalided persons have been built for use on a northern railroad.

How to Escape FLU

- 1 Avoid so far as possible the places where flu germs are most likely to be spread; overcrowded cars and public meeting places; overheated, stuffy rooms.
- 2 Be careful of close contact with others and beware of all coughers and sneezers; breathe through the nose, get fresh air, but avoid drafts or chilling.
- 3 Get lots of rest. Eat plenty of citrus fruits. Keep the bowels open. Take extra precaution to keep in good physical condition, so your system will have high resistance against germs.
- 4 Above all, avoid catching colds. They lower your resistance to the flu germ. Ward them off. At the first sign of any cold, take Bayer Aspirin and remain indoors if possible until your cold is gone. If you have a sore throat, dissolve some Bayer Aspirin tablets in water and gargle; this will relieve the soreness and reduce the inflammation.
- 5 If you have any reason to suspect even a touch of flu, call your doctor at once.

Dog "Moths" Lion Cubs

A small setter dog at the National Zoological park in Washington, D. C., has taken on the task of mothering three wee lion cubs. The cubs first appeared to have been born to a life of starvation because the mother lioness ignored them and stalked

about her cage. The dog adopted the trio of cubs quite willingly, and watches over them with the greatest maternal solicitude.

"Forgive and forget" is an excellent motto. Too many of us, however, are apt to forget to forgive.

Act in Time!

Deal Promptly with Kidney Irregularities.

If bothered with bladder irritations, getting up at night and constant backache, don't take chances! Help your kidneys at the first sign of disorder. Use Doan's Pills.

Successful for more than 50 years. Endorsed the world over. Sold by dealers everywhere.

50,000 Users Publicly Endorse Doan's:

MRS. T. C. COOK, 3228 DARWIN DRIVE, LOS ANGELES, CALIF., says: "I had dull, dragging pains in the small of my back and sometimes sharp pains, too. Headaches and dizziness were almost a daily occurrence. The least work tired me so that I could hardly get about. Doan's Pills, however, relieved me of all these symptoms and I felt better in every way after using Doan's."

Doan's Pills A Diuretic for the Kidneys

Threat or Promise?

Dick—I won't leave you for a minute after we're married.
Doris—Why, you suspicious thing!

Just as Good

"Does your wife know the traffic rules?"
"No, but then, she's good looking."

Castoria made especially for CHILDREN

CHILDREN usually hate to take medicine but every child loves the taste of Castoria. And mothers like its action—so gentle, yet so prompt and effective.

Castoria is a never-failing comfort to children and mothers alike because it was formulated expressly for children—to correct their little ills and upsets.

The beauty of it is you can give Castoria to children of all ages with equally sure results. When baby's cry warns of colic, a few drops of Castoria has him soothed; and free from pain, he is asleep again in a jiffy.

In an older child when coated tongue or bad breath tell of constipation, a more liberal dose is

usually all that is needed to cleanse and regulate the bowels.

Your doctor will tell you Castoria deserves a place in the family medicine cabinet until your children are grown. He knows it is safe for the tiniest baby; effective for a child in his teens.

Look for the signature of Chas. H. Fletcher, printed on the wrapper.
