

## HOUSE PASSES TWO CHEROKEE COUNTY BILLS

### Amendment Offered By Representative Edwin Hyde Is Accepted

Raleigh, March 12.—The house Tuesday passed two Democratic-sponsored bills affecting Cherokee county, but accepted an amendment to one offered by Republican Representative C. E. Hyde, of Cherokee. Both measures were introduced by Senator Browning, of Swain, and were fathered through the house by Representative Morphey, of Graham. One measure re-enacts the jury commission act for Cherokee county and names Harve Whitaker, of Andrews, Tom King, of Ranger, and Hascomb Carroll, of Murphy as jury commissioners for a two-year period. The second bill names W. T. Moore, of Andrews, J. W. McMillan, of Murphy, and W. W. Barton, of Lenoir, as members of the Cherokee county tax commission for a period of four years, and provides the compensation of the register of deeds for compiling the tax records shall not exceed \$1,000 a year. The original bill limited it to \$800 but the house accepted Hyde's amendment changing it to \$1,000. The bill goes back to the senate Wednesday for concurrence. Representative Hyde's bill to abolish the tax commission is expected to die in the senate committee.

## TVA APPEAL TO BE CARRIED TO LOUISIANA COURT

James Lawrence Fly, General Solicitor of TVA, today announced the intention to carry the appeal from the recent decision of Judge W. I. Grubb, of Birmingham, Ala., to the Circuit Court of Appeals at New Orleans. At the same time it was stated that no application would be made to the Supreme Court for a Writ of Certiorari which, if allowed, would take the case directly to the Supreme Court. Mr. Fly pointed out that the last sitting of the Supreme Court this spring will begin on April 29th and it would be impossible to perfect the appeal, prepare and file the record, present the application for the Writ of Certiorari and, after filing thereupon, get the case set down in time for hearing before the summer recess. It was also noted that the appeal will probably be completed in the Circuit Court of Appeals before the summer recess and hence there would be no delay in reaching the Supreme Court in either event. Mr. Fly said: "Under the statutes and the custom long prevailing, the Supreme Court has relied upon the Circuit Courts of Appeals to thin out the appeals coming up from the lower courts and to clarify and re-strict the issues of those which may later be heard by the Supreme Court. The granting of a Writ of Certiorari which would by-pass the Circuit Court of Appeals is an extraordinary measure and one which it is not expected the Supreme Court will favor for more general use. This is particularly true in cases involving extensive records and complicated issues of fact, to which the Circuit Court of Appeals can give detailed attention, and to this extent relieve the Supreme Court of a heavy task. In a case which involves as many issues of fact and of law as ours, the regular and orderly procedure of going through these responsible and highly respected Courts of Appeals readily commends itself."

## CO. BASKETBALL TOURNAMENT TO ATTRACT MANY

Both Murphy boys and girls teams will compete in the bi-county basketball tournament to be held in the Andrews gymnasium Friday and Saturday nights. The teams from Cherokee and Clay counties are: Murphy, Andrews, Elf and Hayesville.

Murphy boys will play Andrews Friday night at 7:30, and Hayesville and Elf will play at 8:30. The winners will meet at 8:30 Saturday night for the finals. Murphy girls will play Andrews at 4 o'clock Friday afternoon and Hayesville and Elf girls will meet at 5 o'clock the same afternoon. The girls final game will be played at 7:30 Saturday night.

A trophy will be awarded the winning teams on Saturday night and will be in their possession until the next tournament.

Both Boomer teams have a strong possibility of winning the tournament, as the local boys and girls have defeated the other competing teams during the year, with the exception of one game the girls lost to Andrews.

A large crowd from Murphy is preparing to attend the tournament which will probably consist of the fastest and most interesting games of the season.

### A SANATORIUM FOR CHEROKEE COUNTY

In all probability, a news article in the Asheville Citizen from their Raleigh bureau this week said, a state tuberculosis sanatorium will be built in Western North Carolina.

In order that the situation may be clear in the minds of the readers, the article is herewith presented:

**RALEIGH, March 7.**—The house today passed on the third (roll call) reading the Raspberry-Clegg bill providing for the appropriation of \$250,000 for the establishment of a state tuberculosis sanatorium in Western North Carolina.

The bill was ordered sent to the senate.

Prospects of passage by the senate are unusually bright in view of the support it will command from senators Lee Gravely of Nash, chairman of senate appropriations committee, J. T. Burrus of Guilford, chairman of health committee, A. Hall Johnston of Buncombe, Vance Browning of Swain and Ralph Ramsey of Transylvania.

It will reach the senate tomorrow and it is anticipated that it will be placed on the calendar without reference to committee in view of favorable reports from the joint appropriations and health committees.

The measure, originally sponsored by Representative Raspberry of Green and Clegg of Moore and re-drafted by the appropriations committee, appropriates \$250,000 for construction of a 100-bed sanatorium in western North Carolina and allots \$10,000 for incidental expenses during the construction period and \$100,000 for operating expenses during the fiscal year 1936-37, which is expected to be the first year of operation.

The bill was introduced several weeks ago and was closely scrutinized by both health and appropriations committees before reaching the floor of the house for a vote. It was passed the second reading yesterday with only one dissenting vote, Representative Gregg Cherry of Gaston, chairman of house finance committee.

The bill provides that the state may sell bonds to raise the \$250,000 for construction costs and provision is made in the budget for the \$110,000 operating expenses.

It stipulates that the sanatorium be located in western North Carolina, but leaves the selection of the site to the board of nine directors, to be appointed by the governor.

We have in Cherokee county every facility to meet the requirements of the hospital. Pure, fresh mountain air, transportation facilities, good highways, ample supply merchants and agents and hotels—it is all here to meet the needs.

In our program for making Cherokee the best county in North Carolina we look on the situation as a step forward if the hospital were built somewhere in this vicinity.

The last paragraph of the article says that the selection of the site is to be left to a board of nine directors to be appointed by the governor.

Attempts should be made among our civic organizations and groups to approach the committee and let them know we are interested in having the hospital in this county.

Think of it. Two hundred and fifty thousand dollars for construction, ten thousand dollars for incidentals and one hundred thousand dollars for operating expenses during the fiscal year of 1936-37! That would help us financially and the presence of the hospital would lend to Cherokee county's prominence.

LET'S GET IT!
