A good cigarette, too needs Balance—

And that's why the tobaccos in Chesterfield are carefully balanced one against the other . . . not too much of one — not too little of another.

We take the right amounts of the right kinds of four types of tobacco — Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.

Chesterfield... the cigarette that's *MILDER*
Chesterfield... the cigarette that *TASTES BETTER*
