**NIGHTS AND SUNDAYS**

Are BARGAIN TIMES on "LONG DISTANCE" CALLS

Now the low rates in operation for long distance telephoning after 7 P.M. apply all day Sunday. This extension of night rates to all day Sunday includes both Station-to-Station and Person-to-Person calls to most points.

And now, too, new low rates apply on Person-to-Person calls every night of the week after seven o'clock to those points where the day Person-to-Person rate is more than 50 cents.

When you telephone out of town and will talk to anyone at the number called—that is a Station-to-Station call. But if you must talk to only one particular person, whose name you give to the operator—that is a Person-to-Person call. Full information on these classes of service, and rates to many cities, will be found in the front pages of your directory.

Remember, Nights and Sundays are bargain times for your long distance calls.
