CLUB IS ASKED TO REFUTE HIGH PRICE FALLACY

Lions Discuss Other Important Events Here Tuesday Night

Plans for the entertainment of local TVA employees, school teachers and local merchants were generally dsicussed at a meeting of the Murphy Lions club here Tuesday night.

It was also decided to extend Roy R. Phillips, advertising director of the Asheville Citizens-Times, of Asheville, district director of Lions International, an invitation to attend a meeting here at an early date.

As pointed out by D. V. Carringer, local merchant, and other members of the club, a false impression has been created in towns competing for the business Murphy is assured by the building of the Fowler Bend dam here, that rents and merchandise prices have been greatly reised.

This was branded as a fallacy by Mr. Carringer and he asked that the club cooperate in giving the correct impression that trade might not be hurt locally.

W. M. Fain reported that the secretary of the Miami, Fla., Lions club passed through Murphy recently and said he was interested in visiting the home place of one club that has won state-wide recognition for free. its activity.

Several standing committees, inpensation of the trophy have not yet and the general amiable feeling of been completed, but it was announced that all residents of Murphy would be eligible to receive it.

The next meeting of the club will he the final picnic supper of the season. It will be held Tuesday night, September 22.

Will File Claim With Readjustment Board On September 26

PETITION IS DRAWN

Commissioners, Witherspoon Acting On County's Behalf.

Cherokee county through its Don Witherspoon, county attorney is seeking the refund of approximately \$850,000 expended here since 1909 in building highways which were recently taken over by

The 1935 session of the legislature named an investigating and edjustment committee to recommend refunds to 70 counties in the state who spent money building roads prior to 1931 at which time the highway board placed the roads under state property.

Appeal having been made, the claim, Mr. Witherspoon said Wednesday, will be presented to the committee when they meet again at Asheville Saturday, Sept. 26.

In the claim laid before the board it is alleged that;

1. The typography of the county is of such a nature that road building in Cherokee has been "an exceedingly expensive construction" beginning in 1909 and continuing until 1925 when the "various township and district commissions were merg-ed into a County Road Commission.

2. A general county road system was constructed with roads leading from Murphy to the outer limits of the county as follows: Murphy to (Continued on back page—This Sec.)
