

## BOOMERS MAKE IT 2 STRAIGHT HERE ON FRIDAY

Score Impressive 14 to 6 Victory Over Franklin High

An effective passing attack from Dick Mauney to Oscar Taylor Friday accounted for two touchdowns and a 14 to 6 victory for the Boomers over the Franklin high football team.

In both the first and third periods Mauney lobbed passes out over the Franklin flank, Taylor gather them in in his long arms and short runs accounted for the scoring. Taylor scored his own extra point by a run in the first quarter and Mauney hit the line for the extra point in the third quarter.

Franklin's only score, and the only other score of the game, was consummated when the Murphy backs attempted a lateral pass on their own 30-yard line in the third quarter. Pettillo, brilliant left end for the Macon county boys, had broken through Murphy's defense on the play and gathered in the long lateral as it flew past him. Off to a good start before either team had realized what had happened, the end galloped 70 yards down the field almost unchallenged. A line charge failed to materialize into an extra point.

Outside of that play Franklin had little to show all afternoon. Their plays were not effective against the Murphy defense, while the locals managed to gain on practically every run and pass.

Unexpecting, it was feared at first that Murphy would not have a team on the field this year equal to their teams of the past. But Coach Deaton has a knack of drilling good football into green players in a remarkably short time.

Notable on the Murphy offense and defense Friday was the work of some of the youngsters. Townson and Johnson were especially beneficial in the backfield both filling in gaps that Deaton was worried about.

Oscar Taylor, quarterback and mainstay of the Murphy eleven was injured in the third period of the game Friday but it is believed the injury to his arm is not serious enough to prevent his appearance against Sylva Friday.

After Taylor was taken out of the game, Mauney was shifted to quarter and replaced at halfback by Junior Barnett. A number of substitutions were used in the final period.

While young Townson was running back some nice kicks Friday, Hayes Leatherwood, veteran end, showed nice form at his position.

Pettillo was the most consistent player for the visitors and one of the outstanding performers on the field all afternoon.

## Fox Chases . . . .

(Continued from front page)

"Foxhunting has long been a leading sport in this section", Mr. Witt said, "and this year we think we have arranged the best chases we have ever had. I do not believe any better set of dogs can be found in the country than those belonging to the members of the association. And the hounds are in for some good chases next week."

Fred Moore, Murphy merchant, and John A. Tatham, of Andrews, both veteran fox hunters forecast a good meet this year and see the most successful year in the history of the Tri-State association.

Prizes for old dogs last year went to Dr. W. O. Talant, of Copperhill; A. M. McAfee, of Blairsville, and Luther Nichols, of Graham county. Dr. Talant also received first prize for the young dog classification at the bench show last year. Other prize winners in this event were Lonnie Harshaw, of Murphy, route 3, and Roy Wells, of Murphy.

## EVACUATION OF MADRID BEGUN AFTER AIR RAID

Insurgents Carry Out Their Campaign Of Fear With Bombs

The evacuation of Madrid, threatened on three sides by Fascist forces, was reported early Sunday to have been started.

Children and wounded government soldiers, a dispatch from the Spanish capital said, were understood to have left the city for Valencia on the east coast. In that direction alone was the way open to them, as the insurgents were pressing in from north, west and south.

The evacuation was said to have begun following another Fascist air bombardment in which damage was reported minor and there were said to have been no casualties.

The insurgent forces rolled forward from the northwest, northeast and west. They reached a point near San Martin de Valdeiglesias, thirty-six miles west of the capital, said an announcement at Fascist headquarters at Burgos.

From the Cadiz Fascist radio station came a statement that the insurgents were moving on Navalcarnero, only about twenty miles southwest of Madrid.

### Outflanking Movement

In the Toledo sector, to the south the government army tried to outflank the Fascists with the aid of reinforcements from the capital. The militiamen had to bear heavy bombardment from insurgent planes.

Reports reaching the French border said Fascists declared 2,300 government fighters had been killed in the capture of Toledo and the "mopping up" which followed.

The insurgents asserted they had routed out the last batch of government combatants in Toledo after they had held out for nearly a week in a seminary, which the insurgents finally set afire.

Internal strife was again reported to have broken out inside government held Bilbao on the north coast. Fascist radio stations said many persons were killed when women, demanding that the city surrender to the advancing Fascists, were attacked by anarchists.

That city again was the target of a Fascist air raid.

### Cold Ordered In

The popular front government in Madrid, fighting for its life, ordered all Spaniards to turn over all their gold, personal ornaments, foreign money and bonds within seven days, and banned exportation of gold and silver.

One branch of the insurgents, the Carlists, named Prince Xavier of Bourbon-Parma as their leader to succeed Don Alfonso Carlos, of Bourbon, pretender to the Spanish throne, who died in Vienna last Tuesday of injuries sustained when he was hit by an auto.
