THE FOOTBALL SEASON OPENS UP IN FLAT ROCK

The first football game of the season was held last Saturday P. M. betwixt cedar lane and flat rock on the baseball diamond in judd skinner's cow pasture.

The first ending was cedar lane's from start to finish oner count of scudd Clark, the left tackle, got his ankle badly sprung while pitching a forward pass and stumbled over a ford casing which somebody rolled across the field enduring the fumble.

The second ending started off with a rush for flat rock, but budd Clark, the left-fielder, muffer the pigskin and it bounced back out of bounds and when he tried to sneak it over the lines, the empire saw him and penny-lized him 18 feet and 4 inches, back to where he first tried to ketch it.

The third ending was nip and tuck and pro and con for both teams, only 8 balls had gone over the gold posts up to this time, but mudd Clark, the short stopper, ketched a high fly from cedar lane's front quarter-back, and made a home run with the extray punt which made the game stand as followers: flat rock's mudcats, 52; cedar lane's eels, 42.

The fourth ending was everboddy's ball game, two fellers from the side-lines hope out flat rock in a pinch play and this give them the third down with only 4 feet to go, and they made same, but duffie green, the fat center-back, fell on top of the ball and busted it, time was called out to vulcanize same.

It seems that 2 or 3 of the cedar lane players got hold of a cupple of drinks while the ball was being patched, and they run the wrong way 4 times, and that give flat rock 47 new tallies, and was the cause of the game being so one-sided in flat rock's favor; cedar lane concered that the local empire also done a right smart to pitch the game to the mudcats, the final score stood vizzly: mudcats, 135; eels, 82.

HOG NEWS FROM FLAT ROCK
holsum moore, one of our local citizens by importation, is the proud owner of a remarkable shote, commonly known as a hog. he is intelligent enough to go to the legislature, but holsum did not find this out in time to put his name on the ticket, he would of run him on the road-hog platform.

the wonderful hog lays off a straight row with his snout, and he is used for this purpose when planting turnip seeds and other veggertables. he lays off his rows exactly 24 inches apart and 28 feet and 7 inches long. he kivers the seeds exactly one-half of an inch deep by sliding himself over the ground.

this hog an't read verry well, but

PREVIEWS 1937 CAR

RENG, NEV.—"I never dreamed an automobile could be so lovely as the new 1937 Dodge," says Winnifred Showler. "The body lines, the sweep of the fenders, the little niceties of detail all helped to win me over. Not to speak of the many new improvements in riding ease and safety. I'll bet there'll be millions who'll think just as I do about this new car."

CARD OF THANKS

We wish to thank and express our deepest appreciation to eah and every one for your kind expression of sympathy in our recent sorrow of our son and brother, James Edgar Nichols, of Culberson, N. C.
MR. AND MRS. D. C. NICHOLS
AND FAMILY.

he looks at the funny pictures with much joy. after eating his slop out of the troff, he takes a shuck in his mouth and cleans everthing up in fine shape, and then goes over and lies exactly 45 minnets and 6 seconds; he is different from some politicians; they lie all of the time, so mr. moore says and he ought to know, he used to be one hisself.

this hog can count up to 145. he chews tobacco when he can get holt of same, and smokes when he finds a cigarette butt with a light on one end of it. he has found out that when the wind blows, a part of the fence shakes backwards and forwards—so he leans against that, and the fence does his scratching for him automatically ansforth

mr moore has not benn able to decide what his hog's politics is: he grows all of the time, like a republican; he hasn't got anny use for anny other hogs except his own familey, like a communist; he tries to destroy everthing in his reach, like a bolshevic; he always wants to get his food without rooting for it, like a townsend-ite, but he's willing to divide his last year of corn (only) with his brother pig, so he must be a socialist.

ths hog is being offered for sale by mr. moore for only 24\$, with 23\$ paid down, and the other 3\$ when you come and get the said animal. he is fond of chickens and eats them when he can ketch them, and likes children also, but they have always managed to get away. he ought to be in a zoo or a circus or on a big farm where straight plowing is in demand. rite of foam 1-p, and either holsum or the hog' one will ancer the foam.

VOTE FOR

HARRY P. COOPER

for Representative of Cherokee County

I FAVOR ANYTHING THAT WILL BENEFIT CHEROKEE COUNTY AND ITS CITIZENSHIP.

The four acts that I favor enacting into law are:

1. Payment of Old Age Pensions.
2. Reduction of automobile and truck license tags, and that said tags shall be sold and distributed out of the Cherokee County Court House.
3. Repeal of the law placing a license tax on fishing for the citizens of this county in the streams of Cherokee County. Non-Residents should pay a nominal fee for fishing, but I respectfully call your attention to the fact that there are only three rivers in this county and none of them contain game fish, only the sucker type. If we go into the adjoining counties to fish in the game streams, we expect to pay a license for such privilege, and I do feel that the abominable practice of dynamiting fish should be severely dealt with.
4. Construction of as good a highway from Murphy to the North

I will speak at Culberson, Thurs., Oct. 15, 7 p. m. and at Brasstown, Tues., Oct. 20, 7:00 p. m.

Music will be furnished by the Smoky Mountain Boomers String Band. Everybody invited, come.

HARRY P. COOPER

Carolina-Tennessee State line via Unaka as we now have from Murphy to Culberson and from Murphy to Peachtree and Brasstown.

The foregoing platform expresses four of the more important laws I favor, but I want the citizens of this county to know that if I am sent to Raleigh as your Representative I will fight to have Cherokee County given its just recognition by the officials of this State. Heretofore nothing has been done for our county and it is high time that the officials at Raleigh be made to realize that we are a part of this great State and that appropriations of state money be made in this county just as it is in many other further East and more favored than we.

I am especially and intensely interested in seeing our aged and revered elderly people paid a monthly income. It is a disgrace and a shame that our old people should be dependent on relatives and the county poor house in their declining years. If I am elected I am going to insist that the Governor call a special session of the Legislature immediately following the election for the purpose of passing the law to take care of our old people before the long winter months begin instead of waiting until next spring to start paying the old age pensions. Our old people are entitled to receive their pensions NOW and not be compelled to wait until NEXT YEAR.....

Your vote and your support will be greatly appreciated
