Collision At Brasstown Causes Little Damage

Reports of a "terrible smash-up" near Brasstown Sunday night seem to have been exaggerated as it was learned this week that although two cars collided head-on very little damage was done to either cars or occupants. Several people were brought to Petrie hospital for first aid treatment but their wounds were not deemed serious and they were discharged. Differences arising between the drivers of the cars appear to have been settled at the scene of the accident.

Mrs. Edgar Slaughter had as her guests Sunday, Mrs. T. Simpson and daughter, Mr. and Mrs. Kenneth Seaver, Miss Pearl Davis and Miss Dorothy Wagner, of Chattanooga.

Miss Nell McLaughlin spent the week-end at her home in Whittier.

PRESBYTERIAN

Next Sunday Dr. Paisley will preach on "Putting First Thing First" at the morning hour and at the evening hour he will give the first of a series of sermons on "Things We Know". You will want to hear this series; so come for the first one at 7:00 P. M. next Sunday.

A welcome and a blessing await you at all of these services.

CARD OF THANKS

We wish to extend our sincere appreciation to friends and neighbors for their kindness, courtesies and the floral offering tendered us during the death of our husband and father, Charles C. Kirby.

MRS. C. C. KIRBY and FAMILY.

CARD OF THANKS

We wish to thank our many friends for the kindness and sympathy shown us in the death of our mother, Mrs. Sarah J. Stansbury, also the beautiful flowers.

THE FAMILY

CARD OF THANKS

The family of the late Mack Cooper wish to stank their many friends and relatives for their floral wreaths kindness and sympathy shown during the sickness and death of the husband and father.

The Family.

CARD OF THANKS

The Board of Trustees and Staff of the Murphy Carnegie Library wish to express appreciation to the many people in Cherokee County who helped to make the Library Rally a success. Committees and individuals efficiently and graciously attended to the many details necessary for its accomplishment.

CARD OF THANKS

I wish to thank each and every one of you who supported me in the election on November 8th. My defeat did not weaken my faith with my party.

HENRY A. BARTON

Robbinsville Man Knifed In Affray

Arthur J. Smith, 22, of Robbinsville, is in serious condition in Petrie hospital at Murphy, with a knife wound in his chest sustained in an affray at Bradley's tourist camps Sunday night.

His assailant has not been named. Following the cutting the man who inflicted the wounds jumped in a taxi and overturned at Granny Squirrel Gap.

Said by Petrie hospital officials to be in a serious condition when he arrived at the hospital, Dr. W. A. Hoover said Wednesday night his "condition is as well as can be expected".

Dr. Graham Urges More Library Funds

Continued from page one

man of the Murphy library board, presided.

In opening his address Dr. Graham, the first president of the state university to ever appear on a public program in this section, paid high tribute to the scenic wonders of Western North Carolina and to the enormity of Hiwassee Dam. He had visited the TVA dam and the village earlier in the day. "We can't imagine what the Hiwassee dam will mean to Western North Carolina", he stated.

Stating that "we are on the threshold of a great development in the United States", Dr. Graham pointed out that "it is high time the United States of America began to see the economic and social conditions of the South."

In furthering the talk Dr. Graham referred to four outstanding publications of the South today. They were: Howard W. Odum's "Southern Regions"; Gerald W. Johnson's "Wasted Land" (which deals with soil erosion); "A Southerner Discovers the South" by Jonathan Daniels (editor of the Charlotte News and Observer) and the recent report made on the South by the National Emergency Council.

"We do not believe we are better than anybody else in the world, but we believe we are just as good", Dr. Graham said in referring to the Southern people. "We are bountifully blessed with good soil. Our people are of the finest stock. Why with all this are we the economic problem of the nation? The Civil War and the Reconstruction period are only half the answer".

Freight rates, tariff structure and population structure were listed by the speaker as prime factors in the slow development of the South.

Referring to freight rates, he called for a national rate. "Jefferson used the state's rights in behalf of the people. Some people today are using them against the people", he stated.

In reference to Jefferson, he said, "thank God for the people who come down out of the mountains". He stated we are a wealth-producing section

Prostate Sufferers

An enlarged, inflamed or faulty Prostate Gland very often causes Lane Back, Frequent Night Rising, Leg Pains, Pelvic Pains, Lost Vigor, Insomnia, Etc. Many physicians endorse massage as a safe effective treatment. (See Reference Book of the Medical Sciences, Vol. VII, Dr. W. D. Smith 3rd edition). Use

"PROSAGEL," a new invention which enables any man to massage his Prostate Gland in the privacy of his home. It often brings relief with the first treatment and must help or it costs you nothing. No Drugs or Electricity.

but a poor wealth-retaining section. Speaking of the tariff structure, he said it was taking the wealth out of the South.

"Good men are drawn away from the South to benefit other sections. They go where there are more tempting offers. More talent goes out of North Carolina than come in. And it isn't our fault that we can't find out why. It will take research", he stated in reference to the population structure of the South.

Dr. Graham then cited figures to show that "the most American thing about America is its educational undertaking.

"We want both states rights and national rights and without both we are Unamerican. The most American things are out schools and libraries. There is a government appropriation for almost anything you can mention. But there is no appropriation for our schools and libraries. Therefore they are Unamerican", he stated.

"Intelligence produces wealth", Dr. Graham stated in presenting his forceful address for state and national funds for libraries and schools. "First seek local support from your county commissioners, then seek aid from your state and the federal aid will come.

"In these turbulent foreign times Democracy will not perish from this earth as long as America lasts for America will put its money into building schools and libraries", the speaker concluded.

Following Dr. Graham's address, a large number of the 700 people including high schools students from Andrews and Murphy, went to the Hiwassee Dam to attend a round table discussion on the state aid for libraries fund topics. It was led by Miss Marjorie Beal director of the North Carolina library commission."

PUTTING ON POUNDS WITH Quaker PIG-N-HOG FEED

Pigs grow so fast and mature so early, putting on weight constantly, that they must have an adequate supply of the nutrients required to make this growth.

They get them all in Quaker Pig-N-Hog Feed—minerals, quality proteins, iodine and molasses. It is a balanced pig feed that grows big, well fleshed frames, maintains health and develops finished hogs that bring top market. For more profit feed your pigs Quaker Pig-N-Hog Feed this year.
