 Subs for Marble: Stansberry, (4),
 Jones (2), Brasswell, Kimbrough.
 Subs for Unaka: Dockery (6).

GOOD CITIZENSHIP AT SCHOOL

Should we be good citizens? Yes! Our citizenship is what we do, or rather our character. Our citizenship can be either good, or bad. If we act and behave and do as we should we are good citizens, but, if we do not we are not good citizens. In fact, we have not shown good citizen-

Some of the ways for instance in which we can be good citizens at school are: We can say excuse me or pardon me when we walk in front of anyone or bump into them, we can, also, be good citizens by never running through the halls and most of all by being courteous.

If, we are good citizens everyone will like us better and we will get a long much better.

A good citizen always cooperate with his or her community, home, or school.

Ola Kilpatrick

WHY SHOULD WE STUDY

Why should we study is a very simple and interesting question. Should we study or should we not? What would happen if we did not study? Would you rather be ignorant or educated?

We can study in school from our books or we can study at home.

If we do not study we will be ignorant. We may have sense but if we don't study our mind will not be trained.

There are several reasons why we should study. When we go to school the state has to pay so much each day we go so we should study while we have a chance.

Ola Kilpatrick

WHY STUDY?

Why study? This is the question of lots of lazy school children. Well not in fun but really why study? You should study so you won't be a dumb head all your life. If you study you may sometime amount to something.

Perhaps you have heard the story of Pat and Mike. Mike knew nothing because he did not study. Pat was very bright because he studied. One day when the teacher asked Mike to answer three questions, Pat happened all the questions. This was cheating to be in Mike's seat so, he answered. Your teacher had rather you not study as to be a cheat like that.

Doris McConnell

COOPERATION NEEDED TO MAKE A BETTER BALL TEAM

One thing we need most of anything is cooperation on our team.

If we do not cooperate we cannot win games. If each player wishes to play only for himself or herself there isn't any need to have a team.

By cooperating on our team we can play better, win more games, and be a good citizen.

COOPERATION

Cooperation is working together. There are many ways in which we can cooperate. We can cooperate on our team work. We can cooperate in our home. We can cooperate in our school by each one having up his or her lessons and most of all by behaving or obeying our teaching.

If we cooperate with each other we can get along much better.

Perhaps you have heard the story of the three men who would not cooperate; but finally succeeded in co-

operating. Each one tried to break a bundle of sticks by himself but could not. Then all together the three tried breaking them and did.

This story teaches us to cooperate. So, if we cooperate we can get more done. By learning to cooperate we can lead a better life in the future.

A GOOD SPORT

Everyone can be a good sport. A good sport is liked by everyone.

For instance if we have played a game of anything and lost we should not get mad. We should tell the other team we had a nice game.

We should be a good sport in everything we do, especially in activities.

AMERICAN EDUCATION WEEK

This is American Education week. Every teacher and every layman should do his part to make this week a period of great national revival; a period of rededication marked by a strong purpose to go forward to better things. Let each of us resolve to make our community a better one by carrying out the following aims of American Education week as given us by Reuben T. Shaw, president of National Education Association:

To put children first; to attach importance to the school as an instrument for the improvement of our democratic way of life; to deepen the interest of parents in their children and in the schools; to quicken the educational consciousness of the community; to emphasize the part education must play in a new social-economic advance; to unite all the forces of the community in a common effort to improve the schools—such are the aims of American Education Week.

These Three Things

As a commercial bank this institution has three main functions:

1. To accept and safeguard the deposited funds of our depositors with all of the diligence humanly possible for us to exercise.
2. To permit payment of money by checks drawn against these deposits.
3. To lend funds at interest to meet the legitimate credit needs of the people of our community.

We invite you to make full use of these services in your own financial affairs.
