Volunteer "Tow-Car" Wrecked When Stalled Bus Suddenly Starts

The "Good Samaritan" efforts of Frank Everhart to get the work-bus of Joe Browning started, resulted in the wrecking of Everhart's car Saturday night. Browning says he intends buying the wrecked car.

The accident occurred about half a mile from Andrews, near Webb's Mill. The truck which Browning uses to haul workers to and from the Nantahala Dam stalled, and Everhart tried to tow it.

The truck started so suddenly that before Browning could apply the brakes it had crashed into the rear of the automobile. The latter side-swiped a telegraph pole, and then left the road and plunged into a ravine.

The rear fenders protected the back of the car from much damage in the collision, but the plunge down the ravine smashed in the front.

Everhart is a native of Canton. Browning, well known in Andrews, lives in Marble. The two are friends of long standing.

Andrews Clamps Ban On Beer And Ale Sales, Midnight To 5 A. M.

The Andrews Board clamped the lid down on all night drinking parties, at its meeting Monday night. It put final approval on an ordinance prohibiting the sale, or offer for sale of beer, ale or any malt or spirituous liquors between midnight and 5 o'clock A. M.

Violation of the ordinance is punishable by a fine of \$25 and costs, each offense. This means a salarator who sold two or more bottles of beer, separately, could be fined for each sale.

Mayor Heaton explained that the new ordinance does NOT require establishments with beer licenses to close at midnight; but merely bans the sale of alcoholic beverages.

Jack Herbert, Wife And Friend Injured As Car Is Wrecked

Jack Herbert, widely known Andrews business man suffered a fractured jaw, his wife, Mrs. Quay Herbert, had three fingers mashed from her left hand, and Paschal Palmer, Andrews iron worker sustained a broken left arm, damage to his right eye, and numerous cuts about the head and hands Sunday afternoon, in an automobile wreck just outside Hayesville.

The car, with Herbert at the wheel left the road on the first curve between Hayesville and Murphy. It climbed part way up an embankment, and then toppled back to land on the highway, bottom-side up. Mrs. Herbert's fingers were mashed almost completely off, being left hanging only by shreds of flesh. They were amputated at Petrie hospital where all the wreck victims were taken.

"Jack just tried to take that curve too fast," Palmer told the Scout. "The car ran off the side of the road onto some loose dirt; then twisted back on some loose gravel, and then shot up the hill, and turned over."

The car, which Herbert purchased only a few months ago, was a Mercury convertible, and because of the warm weather, it was being driven with the top folded down. It was towed back to the Reece garage, where, the Journal was told, it was found to be "pretty badly wrecked."

The accident occurred while Mr. and Mrs. Herbert, with Palmer as their guest, were returning home from an outing to the observation tower, near Blue Ridge, Ga.

Funeral services have not yet been completed, but probably will be held Sunday from the residence of the parents, Mr. and Mrs. R. T. Kilpatrick, in Marble. The exact day and time depends on the arrival of one of the dead boy's brothers, who is in the U. S. Navy. Seven other brothers and sisters also survive.

Young Kilpatrick suffered a fractured skull, a broken shoulder, and internal injuries. Although he clung to life for more than two days, he suffered little pain, being unconscious most of the time.

The boy was struck while on his way home from school, in Andrews. He is said to have left the school bus to ride on a wagon. Reaching a point on the highway that was near his home, he is said to have jumped off the wagon, and to have stepped directly in front of the approaching automobile.

Homes Will Be Finished At Rate Of 3 Per Day, Town Clerk Is Told

A quick and sharp tumble in rents in and around Murphy was foreseen following word from Knoxville that 100 big trailers will be here for use of TVA workers within a week, and that 60 new houses will be constructed next month. Work is expected to start about Nov. 15, and finished during the first week in December.

All of the houses and fifty of the trailers will be located on TVA land along the Hiwassee River, just below the town, according to the message which was phoned to Town Clerk "Eph" Christopher. Where the other fifty trailers will be parked has not been definitely decided. They may be placed on TVA property, or land may be rented for them.

The news came to Mr. Christopher over long distance, with a prominent TVA official on the Knoxville end of the line.

The proposed houses, Mr. Christopher was told, can be built completely at the rate of three per day. They are fabricated, and will be shipped here in sections which need only to be fitted together.

As fast as they are erected, a big crew of TVA electrical workers and plumbers will begin interior installations, and every one of the sixty houses is expected to be occupied within the next thirty days.

A huge bath-house is to be built to service the trailers. Water also will be piped into them, individually.

News of the proposed new quarters necessitated a hurried trip to Atlanta by Town Clerk Christopher, to get more meters. He got them, and says the town is "ready for whatever comes."
