## COUNTY RECEIVES \$216,000 UNDER SOCIAL SECURITY

### State Board Estimates \$82,462 Expended On Old Age Assistance

Approximately \$216,000 has been distributed in Cherokee County under the Social Security Act, through June 30th, 1941, A. L. Fletcher, Chairman of the N. C. Unemployment Compensation Commission estimated this week.

Except in agricultural counties, Unemployment Compensation, or benefits to workers temporarily out of jobs, usually is the largest item in the program. In the 3½ years of benefit payments, through June 30, these benefits reached \$62,919.48 included in 9,192 checks issued to residents of Cherokee County.

Fletcher said old age assistance, in the four years of distribution, through last June 30, amounted to \$82,462.04 in this county; aid to dependent children amounted to \$34,122.35, and aid to the blind amounted to \$6,687.62.

In these three divisions of the Social Security Act, the Federal Government provides one-half of the funds and the State and counties one-fourth each, with a State equalizing fund to help the smaller counties. Prior to January 1, 1940, these three governmental units furnished one-third each for aid to dependent children.

No county figures are available for old age and survivors insurance. Monthly payments in this division started after January 1, 1940, due to a 1939 amendment, after lump-sum payments for three years.

Chairman Fletcher pointed out that more than \$186,000 was distributed in this county to last July 1, in four of the five major divisions of the Act, exclusive of old age and survivors insurance.

The other five divisions, classed as "services," are handled by State Departments. Three of them, maternal and child health services, services for cripple children and public health services, are administered by the State Board of Health; one, vocational rehabilitation, by the State Department of Public Instruction and the other, child welfare services, by the State Department of Public Welfare.

Distribution of funds in the three

services relating to health is made through district, county, or city health departments, and only 80 of the 100 counties operating such departments June 30, 1941, participated in this distribution. (One county, Carteret, started organized public health work August 15, 1941). Twenty counties, therefore, received practically no funds in these divisions, and what they would have received, and didn't, went to increase the funds going to counties with health departments.

Cherokee County, with a health department, received \$5,667.75 for maternal and child health services; \$4,600.60 for services to crippled children, and \$16,821.96 in public health work.

In vocational rehabilitation approximately \$2,924.08 has been distributed in the county. County funds are not available for child welfare services. Fourteen counties, Anson, Buncombe, Burke, Caldwell, Chatham, Cherokee, Cumberland, Durham, Mecklenburg, Nash, Orange, Pitt, Rockingham, and Sampson, cooperated by supplying \$13,026.78 and participated in the distribution of \$27,605.63 during the past year 1940-41. 38 other counties had consultant service.

The county figures for the four service divisions above are approximate, and not absolute. They are arrived at by prorating the funds, made up of Federal allotments, most of which is matched by the State and counties, on the basis of State and county populations, 1940 Census, and the length of time the counties have had health departments and thus participated in the three services relating to health, Chairman Fletcher explains.

### Rises in Farm Prices Safeguarded by Law

North Carolina farmers who help produce the increased quantities of hogs, eggs, evaporated milk, dry skim milk, cheese, and chickens sought in the 1942 Farm Defense Program will have protection against price collapses.

The Steagall amendment directs the Secretary of Agriculture to use available funds to support farm prices to not less than 85 per cent of parity. Before the Secretary can discontinue a price-supporting program, he must give sufficient public notice of the termination to permit producers to make a readjustment in production.

## "So she let me out of the dog-house"

"Winter sure had me in the dog-house. I shivered along in summer underwear . . . with my teeth chattering like a typewriter. Then my wife got me a set of HANES WINTER SETS . . . and I changed to comfort."

With these modern middle-

weight garments, you're warm enough outdoors without sweltering indoors. You'll like the gentle athletic support of the HANESKNIT Crotch-Guard. All-round elastic waistband. No bothersome buttons. You're really unaware of underwear.

When mountains turn into men...

It means more than big-scale sculpture. America is eager to show its respect for great character. Throughout our country, you'll find statues and other types of lasting tributes to great leaders who have made us a great nation . . . reminders of American ideals.

## People respect character in products, too

When a product has the character people respect, they are quick to adopt it. The makers of Budweiser have always followed one standard—Budweiser must always be utterly distinctive in taste, pure, good and supreme in quality. That's why people everywhere have agreed that Budweiser is "something more than beer." Their demand has made it the biggest-selling beer in history and built the world's largest brewery.
