

27,500 LUNCHESES GIVEN TO NEEDY SCHOOL CHILDREN

1,140 Meals Served Daily In Classes, Mrs. Witt Reports

Launch rooms, operating in 11 Cherokee County schools served 27,500 lunches to a daily average of 1140 school children during the month of October Mrs. Beryle Witt, WPA County Supervisor, announced yesterday. In addition to these, 395 supplementary feedings were served.

Lunches consist of vegetables, breads, a simple sweet dessert, fruit or fruit juices and milk. A great effort is being made this year, more than ever before, in serving lunches containing meats, eggs, milk or other meat substitutes, giving the child complete proteins as well as their vegetables and fruits.

The service is being rendered the county through the Work Projects Administration, sponsored by the County Board of Commissioners.

Through contributions of different communities in which lunchrooms are located, the county was given a credit of around \$900.00 for the month just ending. The Commissioners sponsor the project through the spring and summer months paying rent on land, furnishing plowing, seed, fertilizer and other necessary items needed in carrying on the gardening which enables the lunchrooms to serve vegetables throughout the entire school term.

The Commissioners, with the cooperation of Mr. Bueck, set up a canning center in the Murphy School this past summer. Vegetables from the summer garden were canned and stored here to be distributed as needed to other schools over the county. The garden here was on the Voyles farm about one mile from Murphy and consisted of 11 acres.

Another canning center is located in Andrews, canning from a 6 acre garden there and serving the An-

STRAIGHT FROM NEW YORK

AFTERNOON DATE
If it's a date with a soldier home on leave you will want to wear a very dressy dress. U. S. soldiers recently expressed the wish to see their best girls in soft feminine clothes in contrast to the uniforms they themselves wear. This date dress, a New York creation, is of black velveteen with a ballerina skirt, gay with graduated bands of grosgrain ribbon in different colors.

draws and Marble schools.

The schools are now enjoying greens, tomatoes, and other late vegetables grown in these gardens.

In addition to these foods, the Surplus Commodity Division supplies fruits, evaporated and dry milk, flour, meal, cereals, fruit juices, lard, pork, and many other articles of

food to the schools, thus providing our children with well-balanced lunches, all for five cents per serving, and in many cases provides the only real meal of the day.

Due to the lack of available labor many schools are deprived of the privilege of hot lunches; however, the most of these are receiving milk,

Andrews Will Re-light All Lights On Street

Determined that Andrews shall not be a "place of darkness", Mayor Robert Heaton said Monday that the Town Board planned to abandon the custom of lighting only every other street lamp, and to use them all.

The Mayor explained that sacrificing half the street lighting was done voluntarily by the town, in the interests of power conservation. Not only was every other light extinguished, but the wattage of those left burning was cut in half.

The Board now will seek to have the normal amount of power restored, for all the lights, at least until next summer.

fruits and fruit juices.
The schools being given this service of WPA are Murphy, Andrews, Marble, Peachtree, Hiwassee, Dan, Ranger, Martin's Creek, Wolf Creek, Grandview, Upper Beaverdam, and Tomotla.

EGGS
If every person in the United States ate one egg each day, poultrymen of the nation would have to increase their production of this protective food by about 30 per cent.

● Hammermill Bond Typewriter Paper is clean and usable down to the last sheet.
Its pleasing appearance and adaptability to typewriting, carbon copies and pen or pencil work account for its popularity in thousands of homes and offices.
We sell Hammermill Bond Typewriter Paper in sturdy, protective, orange-and-silver boxes, 500 banded sheets to each box. Let us supply you.
