**The More Dollars You Save In WAR BONDS The More "Axis-Crushers" Our Army Will Have**

America must produce 45,000 tanks this year! 60,000 planes! 20,000 anti-aircraft guns! Altogether, 56 billion dollars worth of fighting equipment to smash the military maniacs attacking us. That's why billions of fighting dollars—your dollars saved for War Bonds and Stamps—are needed and needed now!

That's why every American man, woman, and child must put every dime and dollar not into luxuries, but into tanks—not into spending for the pursuit of happiness, but into War Bonds for the relentless pursuit of our enemies.

An important part of America's job, your job, this year is to spend less and save more—to invest in safety with perfect safety! Not only does the United States Government guarantee your money, it guarantees to give you back \$4 for every \$3 you save in War Bonds when you hold the Bonds to maturity! In fact, \$18.75 brings you \$25 with absolutely no work or effort on your part!

**What Should You Pledge To Help? •**

WASHINGTON, D. C.—The following table issued by the Treasury Department is intended as a savings yardstick for the average income-earner. It suggests how everyone of the 48,000,000 employed persons in the United States may participate in the war effort through the systematic purchase of Defense Savings Bonds.

"The job ahead of us is far bigger than most of us realize," Secretary Morgenthau declared in making the table public. "I know that the American people are ready to do their part to win the war. One of the ways we can do much more is by intensifying our effort in the purchase of Defense Bonds."

While persons without dependents may be able to set aside more than the suggested figures, persons with several dependents, or with other heavy family obligations, may be unable to save at the suggested rate, the Treasury Department pointed out.

| If Weekly Earnings Are | And One Saves Each Week: | In One Year He Will Save: | Number of Persons in Each Income Group | Total Annual Savings: |
