# WE HAVE KEPT FAITH!

Our boys are fighting on the battle fronts of the world. Wherever our Army, Navy or Marine Corps go into action, Southerners are in the middle of the fight.

Here at home Southerners are carrying on in defense work of every description with the same enthusiasm our boys are showing on the fighting fronts. Every defense plant in the South has had to overcome tremendous problems in bringing their production to the record peak necessary to supply the ever-increasing demands of war.

Here in the Atlantic Company we too are meeting the problems brought on by the war in the traditional Southern spirit.

Shortages of metal for bottle caps, restrictions on deliveries to conserve

rubber and gasoline, shortage of man power due to enlistments of personnel in the Armed forces—and faced with unprecedented demand, we have increased our production to the limit of our capacity without sacrificing quality one iota, in order to take care of the business that has formerly gone to competitors who have abandoned this market and are now devoting all their efforts to serving their own home communities.

Realizing that the demands of the wartime job create strain and tension which make all the more vital the need for a relaxing glass of good Ale or Beer occasionally, we pledge ourselves to make every effort humanly possible to insure both our customers and trade alike against any avoidable shortage of Good Old Atlantic Ale and Beer.
