

Roche Honored At Assembly

Waynesville — The Rev. Thomas G. Roche, retiring faculty member of St. John's High School, was honored at a special assembly called at the school on the occasion of his promotion to the pastorate of Wrightsville Beach.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Y. W. A. Elects New Officers

They are as follows: President, Miss Janice Hall; vice president, Miss Jane Ricks; secretary, Mrs. Virginia Craig; corresponding secretary, Miss Jo Jo Moody; treasurer, Miss Sybil Hembree; social chairman, Miss Barbara Arnold; assistant, Miss Mary Evelyn Carringer; sports committee chairman, Miss Lucy Winston; assisted by Miss Halie Winesett; community missions, Miss Grace Ramsey; program leader, Miss Kathryn Howell.

Plans also were discussed for future activities with the new leaders. Mrs. Roger Ammons and Mrs. Annie Mae Jones. After the business session, refreshments were served to the following: Misses Janice Hall, Grace Ramsey, Jane Ricks, Sybil Hembree, Jo Jo Moody, Sally Morris, Mrs. Winston Craig, Mrs. Roger Ammons, Mrs. Annie Mae Jones.

Public Invited To Attend Board Meet

RALEIGH — Any citizen having conservation problems or suggestions is invited to appear before the Board of Conservation and Development at its meeting in Raleigh January 21-23. Director R. Bruce Etheridge said today.

"Our streams, forests, game, minerals and other natural assets belong to the people of the state," Etheridge said today, "and this board is merely the custodian and guardian of these resources. All citizens should be interested in the proper administration of these responsibilities, and we urge anyone with helpful suggestions to present them before the board so that it may more intelligently fulfill its duties."

Meetings will be held in the board room on the second floor of the Education building.

Suggests Painting Old Linoleum

For painting old linoleum — areas in front of the stove or sink, that receive the most wear, can easily be repaired by painting in a new pattern instead of painting the whole floor.

Mark off large flagstone shapes on the floor, putting large ones in the areas that may have to be re-painted. Paint as you wish, choosing the colors that will harmonize with the kitchen.

Points to check when buying pans and kettles, say house management specialists are: (1) Balance — The pan and its handle should be well-balance so that the pan stands steady even when empty. Too heavy a handle makes a tipsy pan that is awkward to use and may cause dangerous spills of hot water or food.

(2) Surface — The fewer the cracks at joinings, the more durable and easy to clean it will be.

(3) Bottom — A flat bottom helps keep a pan steady and means faster heating and more economical use of fuel. Pans for use on electric stoves should have dull-finished bottoms to save fuel. A dull finish absorbs heat in contrast to a shiny finish which reflects it.

(4) Sides — Straight sides are more economical of heat and also of space on the stove than flaring sides. (5) Handles — Handles of pans and covers should be comfortable to grasp and insulated against heat.

(6) Cover — A close-fitting cover is essential for many cooking processes, so buying a pan and cover together is often worth the extra money.

(7) Thickness — Thin, lightweight aluminum is less expensive and less durable than the heavy metal. Thin ware is easily dented, bent and scorches easier than heavy wear. Heavy wear is economical.

Frank Guffey Is On USS Gentry

Aboard The USS Gentry At Pearl Harbor — Thomas Frank Guffey, machinist's mate, third class, USNR, Murphy, N. C., serves on this destroyer escort which is returning to the West Coast to be placed in the inactive fleet after traveling unscathed through more than 75,000 miles in both the Atlantic and the Pacific.

Commissioned in Orange, Tex., in June, 1944, the GENTRY spent the fall and winter of that year conveying troops to Marseilles, France, returning via Oran.

In January, 1945, she was assigned to the Philippine Sea Frontier. In that area, she made numerous convoy runs before escorting ships to Okinawa in July. At Okinawa, the GENTRY served as a picket ship, riding out a typhoon during that time. Later she took part in air-sea rescue patrols, picking up fliers forced down.

BIRTHS

MURPHY CAFE

Pointers Listed For Poultrymen

Since many urban families in North Carolina are still going "egg hungry" because supply has failed to catch up with demand, R. S. Denystyne, head of the Department of Poultry designed to increase egg output during periods of low production.

Hens demand "elbow room" at the hupper. One linear foot of feeding space should be provided for every four or five chickens.

Since feed is scarce, hoppers should not be too full and fresh feed should be supplied daily.

To forestall egg eating by the hens themselves, at least five corrective measures may be taken:

- 1) Provide at least one clean nest for every five layers.
- 2) Shade or darken nests, with burlap if necessary, allowing adequate ventilation.
- 3) Supply high-quality mash in sufficient quantity and oyster shell or some calcium supplement.
- 4) Gather eggs several times daily.
- 5) Get broody birds off the nest at once and confine them until broodiness is broken.

Contrary to popular belief, the cocky rooster serves no useful purpose to the flock except in the propagation of the chicken clan and his dubious worth as an alarm clock. So, if the flock is being kept for egg production, segregate or market the roosters to save feed.

The short egg market is expected to be relieved as soon as late pullets begin to lay.

Little Brasstown

Dallis Hue Staleup visited relatives on Pin Hook Sunday.

W. O. Almond was last Sunday dinner guest of Mr. and Mrs. Guy Crisp.

Mrs. Hayes Buchanan, who has been very ill, is much improved.

Mr. and Mrs. Fernon Anderson of Gastonia have moved to Brasstown.

The Rev. Carl Cunningham and family have moved to Martin's Creek.

Miss Frances Elliott, who is employed in Canton, is spending a few days at home.

Dillard Stiles and family of Martin's Creek were Sunday dinner guests of Mrs. Stiles' sister, Mrs. W. O. Almond.

George Crisp, who is employed in Gastonia, is visiting home folks. Charles Mann of Murphy is visiting with W. O. Crisp's family.

George Smert, who has been overseas has received his discharge.

Ernest Morris and family of Copperhill are spending a few days with Mr. and Mrs. A. H. Staleup.

George Almond visited friends in Bellview Sunday.

C. W. Moss was a Sunday visitor of J. F. Staleup.

Violet Mae Buchanan of Martin's Creek visited her uncle, Hayse Buchanan, the past week.
