On The Rounds With FSA

With plenty of molasses being made throughout the county now you might like to make some spicey gingerbread. You know it saves on the sugar

GINGERBREAD

21/2 cups sifted flour

- I teaspoon baking powder teaspoon soda
- 1 teaspoon salt
- teaspoon cinnamon
- teaspoon cloves 1 teaspoon ginger
- be cup shortening (lard may be used)
- 12 cup suga
- 2 eggs unbeaten
- 1 cup water 1 cup molasses

Sift flour once, measure, add baking powder, soda, salt and spices, and sift again.

Cream shortening, add sugar gradually and cream well. Add eggs one at a time, beating well after each. Combine water and molasses. Add dry ingredients to creamed mixture, alternately with the liquid. A small amount at a time, beating after each addition until smooth.

Bake in greased pan in moderate oven (350°F) 45 minutes or until done. Serve warm or cold with butter, cottage cheese, tart apple sauce or whipped cream.

Immediate action is needed in preparing tobacco plant beds for the 1947 leaf crop.

Brush Burning Permit Law Is Now In Effect

Forest Warden E. S. Burnett sks the cooperation of the public in the approaching fall fire sea-

All persons who desire to burn brush, ditch banks, refuse or start a fire for any reason within an adjoining woodland are required by State Law 14-139 to obtain a burning permit if the burning is done between October 1 and November 30 and February 1 to June 1. These permits may be obtained without charge from county warden, district wardens, county agent's office, and U. S. Forest Service office in this coun-

Burning should be done only by the permit holder when wind and burning conditions make burning Such fires should never be left unwatched and sufficient help should be arranged for in advance to keep the fire under control.

Late afternoon is the best time to burn brush as the wind tends to die down and air moisture is increasing. Keep at least one man on the fire until every spark is The brush burner is always responsible fo rthe safety of the

All citizens are urged to report any forest fires to the nearest district forest warden, county warden, er any person working for the forest service.

Increased Rates Essential To Good Telephone Service

Your telephone rate is low and your Telephone Company wants to keep it a small part of your

operating expenses. While your rate has remained the same for many, years, the total cost of furnishing telepho to our North Carolina customers has steadily increased. Since 1941 expenses have advanced 102 per cent while revenues increased only 76 per cent.

Telephone wage rates in North Carolina have increased \$2,311,415 since March of 1945 (on an annual basis). The cost of erecting buildings has jumped 75 to 100 per cent, the cost of providing telephone facilities 45 to 60 per cent, and the cost of telephone materials 15 to 25 per cent. Fact is, all our expenses have been climbing so fast that-

the amount of money paid out to provide service is increasing faster than the amount taken in. Telephone earnings today are the lowest in our history in face of a record volume of business.

Southern Bell has applied for an increase of rates on business telephones to help meet this condition. Authority is also being sought for an increase of 5 cents on most long distance calls within the state.

We want rates no higher than necessary to provide everyone with good service and expand it. We believe you feel the same way, even if the cost is somewhat more, because the business and social welfare of this community depends on adequate telephone service.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY INCORPORATE

NO BUSINESS CAN GIVE ADEQUATE SERVICE WITHOUT ADEQUATE EARNINGS
