91 Students To See Asheville

ANDREWS — The eighth grade composed of ninety-one pupils of the Andrews City Schools plan to visit Asheville soon. About half of the members of the class have never visited Western North Carolina's metropolis. Almost a score of the number have never ridden on the train. If all their plans should carry out the group would leave Andrews on the passenger train now leaving here at 6:30 in the morning and reach Asheville at 10:30 o'clock. Then they would be shown the wonders of Asheville

including a visit to the Asheville-Citizen Times plant.

These eighth grade students are expecting to make enough money to pay their expenses by selling subscriptions to the Curtis Magazine and about fifty other popular magazines. The Curtis Plan is employed by schools throughout the country, and for many years has been used by various classes or groups in the Andrews high school. The campaign for subscriptions opened October 3 and will close October 15.

The eighth grade home room teachers are: Mrs. Jane C. Orr, Mrs. I. B. Hudson and Mrs. Irene

Wilson. Numerous subscriptions were reported as secured the first afternoon of the drive. Two boys working together sold a total of \$26.50.

ACCEPTS POSITION
ANDREWS — Mrs. Frances W. Walker, formerly employed with Candler's Beauty Shop at Murphy, has accepted a position with Mrs. Arnold Derreberry as manager of the Duchess Beauty Shop in Andrews.

Mr. and Mrs. Walter West, Robbinsville, visited here last Sunday.

When does daydreaming pay you dividends?

It's a fine, American pastime... settling back in an easy chair and spinning mental yarns about a rosy future.

If you're good at it, you can actually see Jim graduate from college with honors in the class of '56. Or that home you've painstakingly planned but could never afford. Or you and the Missus on that trip at last!

Daydreaming can be more than a lot of fun. It can pay you dividends—if your dreams are so compelling that you will decide

on a definite plan to make them come true.

The safest, surest way to do this is to buy U. S. Savings Bonds regularly through the Payroll Savings Plan.

U. S. Savings Bonds pay you \$4 for every \$3 you put in, after 10 years. Backed by Uncle Sam, the money you save makes more money for you—with no risk.

Join the Payroll Plan today—or buy Savings Bonds regularly at any bank or post office. Make your daydreams pay off!
