

Hiwassee Dam Girl Scouts Earn Points

HIWASSEE DAM—Troop No. 1 Girl Scouts of Hiwassee Dam are adding new members weekly, the latest being Florence Verner, Doris Jean Hawkins and Monteen Allen. The girls have been doing fine work on their badges. After the Oct. 4 meeting, Mary Flurry taught the group a song for which she received a point on her second Class badge, and she now ranks as a Second Class scout. Marilyn McCleary taught the group a game which gave her a point on her

Second Class rank. Several of the scouts are about due for their Foot-traveler badges and some of them worked on their Explorer badges during the trip of the group to the Smokies, Sept. 29.

Until the weather turns cooler, the scouts will play tennis each Wednesday evening. The scouts have been taking orders for Christmas cards and plan to use the profits to buy a Girl Scout and American flag for the troop.

After the Oct. 10 meeting, Marilyn McCleary gave a dramatization and received a point on Second Class. Thursday night Troop No. 1 joined with the boy scouts of Troop No. 9 of Hiwassee and attended the meeting held by Rev. W. W. Wigglesworth in honor of the scouts.

Urges Voters To Have Part In Referendum

"Vote your own way, but by all means vote." That was the final appeal made today to Burley tobacco growers of Crerokee County by Victor Raxter, chairman of the County Agricultural Conservation Committee, in urging farmers to participate in the Burley tobacco referendum on Friday, October 25. Local polling centers will be open from 8 a. m. to 4 p. m. All persons interested in the 1946 crop of Burley, either as owner, tenant, or sharecropper, are eligible to vote in the referendum.

"Congress has made it possible for us to decide for ourselves whether we want marketing quotas continued on Burley tobacco for 1947 and it's up to us to go to the polls and state our preference", Raxter said.

It pays to wait for something you really want!

FINEST OF THE FAMOUS "SILVER STREAKS"

PONTIAC

When you consider how much more you'll get by waiting for a new Pontiac—you'll agree that here is one case where waiting pays off in handsome dividends.

Pontiac leads its field by such a wide margin because there is no substitute for what it offers. There is no substitute for Pontiac beauty—for Pontiac performance—for Pontiac comfort—or for Pontiac safety and handling ease. And the years of war-time usage proved conclu-

sively that there is no substitute for Pontiac dependability! For reasons beyond our control, which we regret as much as you,

production is below what had been anticipated. But improvement is being made—and the wait, from here out, may be shorter than you think. But whatever the time before your Pontiac is ready—wait! When you do get it—you'll have the finest automobile offered at anywhere near the price!

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

FOR EXTRA SAFETY AND EXTRA MILEAGE THE NEW B.F. Goodrich Silvertown IS WORTH THE WAIT

The new Silvertown tires have been setting records for long mileage, safety and economy not only on taxi fleets, police cars and special test cars but in regular car owner use. These new tires are built with a broader, flatter tread that puts more rubber in contact with the road, spreading the wear over a larger area. To hold this heavier tread, B.F. Goodrich engineers developed a 35% stronger cord body with stronger cords and more of them... This meant better bruise resistance, greater safety. If you want the tire that OUTWEARS PREWAR TIRES, place your order today. A little wait will be rewarded with today's biggest money's worth in tires.

There's no getting away from it! When you have a good thing—word gets around—and FAST! And from our view, it seems everyone is demanding the tire that OUTWEARS PREWAR TIRES.
