Hiwassee School Cafeteria Gets Grade A Rating By Inspectors

HIWASSEE DAM — "A credit to any of the larger rural systems," "Better than anything that I've seen in a school of like size in North Carolina."

Such are the comments that have been made regarding the cafeteria at the Hiwassee Dam School.

The Hiwassee school is proud of the grade "A" rating accorded its cafeteria recently by state and federal inspectors who practically "turned the place upside down" in the process of checking the sanitation and food service of the local unit and found it well above the standards required. Mrs. E. Carl Suit is the supervisor of the cafeteria and is assisted by Miss Gypsy Allen, Mrs. Nina Jones, Mrs. Eva Martin, and Mrs. Thelma Terry, all of whom live within the Hiwassee school community.

Much of the equipment is war surplus material purchased from the U. S. Navy when the local navy unit was deactivated last spring. The major pieces of equipment purchased were an electric range of the hotel type, a large

steam table, and two electric refrigerators, one of which is an 8-section reach-in wall box. The other is a walk-in box refrigerator designed for the keeping of freshly killed veal or beef. Without such equipment for the proper cooking, serving and storage of food Mrs. Suit says that she could not operate the cafeteria on the budget set up by the local school and the federal aid which qualifying school cafeterias receive.

Mrs. Suit and her assistants serve an average of two hundred seventy-five to three hundred lunches each school day. These lunches are balanced according to federal standards to contain the proper carbohydrates, proteins or protein substitutes, fresh vegetables and fruits, and a half pint of grade "A" whole milk. The pupils pay seventy-five cents per week for this service.

The parents and patrons of the school are invited by W. B. Thomas, principal of the school, and by Mrs. Suit to visit and inspect the cafeteria at their convenience and pleasure.

Murphy Trips Hayesville 20 To 0

BY WALTER CARRINGER

Before a large Thanksgiving day crowd, the Murphy Bulldogs took the measure of the Hayesville Blue Devils 20 to 0. For the second time of the season, the Bulldogs had things pretty much their own way with the Blue Devils, though it did not look that way at the beginning.

Green, first string quarterback, who is playing his first year of football, led the scoring, going across for two of the tallies and passing for one extra point. Green set up the first touchdown in the third quarter by a brilliant 55 yard run that put the ball down on the Hayesville 3. On the next play he bucked over for the score. "Bull" Davidson hit the line for the extra point. Later in this same period, Green set the stage for the next score by racing 20 yards around end to the Blue Devil 5, from where he smashed over for a touchdown. The extra point was no good here. Hughes, who has been alternating at end and back this season, intercepted a pass late in the last quarter and returned to about the Hayesville 16. Hughes hit the line three times for the score. This may sound absurd, but you'd be surprised at the resemblance of Hughes playing on this pass interception and two runs to that of Trippi of Georgia. If you don't think so, just watch him on the 13th when Murphy plays Andrews and next year on the local

field. He's been one of the most valuable players on the squad this year, and received about the least credit. James is probably the hardest runner on the team and one of the fastest. His fellow players say he is the most vicious tackler on the squad and about the hardest to tackle. Hughes is certainly first string material over a lot of the others from where we sit. Getting back to the score, Green passed to Picklesimer for the extra point and the game ended 20 to 0.

Here's some statistics of the game. As before, they aren't exactly accurate but they are as close as we could get them. First downs, M-12, H-6; passes attempted, M-8, H-13; passes completed, M-0, H-5; yards passing, M-0, H-65; punts, M-3, H-5; average yards punts, M-30, H-35; penalties, M-10, H-25; yards rushing, M-275, H-21. And for individual yardage of the Bulldogs, Davidson carried 10 times for 54 yards, Green 12 for 96, Picklesimer 10 for 64, Alexander 4 for 38, Rogers 1 for 2, Brendle 2 for 5, Hughes 3 for 16.

Mr. and Mrs. Dale Lee returned Sunday night from New Orleans where they spent Thanksgiving with Mr. and Mrs. Jimmy Ward.

Mrs. B. W. Whitfield and Mrs. O. K. Erhart spent Tuesday in Atlanta.

Murphy Spot Lights Prevent Plane Wreck

BY POLLY HICKS

ANDREWS — Lloyd F. Best, pilot, and S. Waller Anderson, a passenger, the latter the manager of Miller's Department store in Knoxville, had the time of their lives in this general section from eight until eight-thirty o'clock on Sunday night. Best, a trained pilot who had flown and had acted as an instructor for flying B-24s and B-29's for three years, with Anderson the owner of the new Eroucpe plane, had left Chattanooga around 6:30 to fly back to Knoxville from which city they had flown over to Chattanooga that afternoon. Strong winds blew them off their course, and with bad weather they lost the Knoxville Radio beam, and suddenly found themselves lost, with a supply of gasoline good for forty minutes.

Murphy residents surmised that the plane was in distress after the plane had cleared the tree tops in several unusual flights. The fliers attributed their lives to a quick-witted taxi driver and the ambulance of the Ivie funeral home both of which were equipped with powerful spot lights which they turned vertically so as to signal the men in distress. Meantime some thoughtful person called Robert Heaton in Andrews and others familiar with the Andrews-Murphy Airport. Meanwhile the taxi and ambulance were leading the plane to the airport a dozen miles away from Murphy. By the time the plane arrived fifty automobiles on either side of the landing field had flooded the field with their headlights so that the distressed plane and the frightened men were able to make a perfect landing.

Robert Heaton, a trained pilot himself, acted as good Samaritan and brought the airmen to his home for the night. The following morning after one of the men insisted on the privilege of saying the blessing, they resumed their journey to Knoxville, little the worse for their harrowing experience, and with a stronger feeling for their Maker and greater love for their fellow-man.

Employment Office Serves 3,346 In Month

Saturday, November 16, the United States Employment Service again became a part of the Unemployment Compensation Commission, as the North Carolina Employment Service Division, after four years and ten and one-half months of operation as a Federal Agency, much of the time as the operating branch of the War Manpower Commission.

The Murphy office will still be located on second floor of the courthouse and office hours will be from 9:00 A. M. to 5:00 P. M. Monday through Friday and 9:00 A. M. to 1:00 P. M. on Saturday.

During the month of November a total of 3346 persons contacted the Murphy local office. During the month of October 4612 applicants came to the office — a decrease in November of 346. This decrease is due to the fact that fewer compensation claims are being taken.

Active applications for work on file in the Murphy office at the end of November totaled 1493. Of this number 784 were applications filed for work by War Veterans, 2249 claims for Readjustment Allowance and Unemployment Compensation were taken in November, 1761 of this total were veterans filing claims for Readjustment Allowance under the G. I. Bill of Rights.

Total number of local openings for job at the end of November was 51. Practically all of these openings are for laborers at wages ranging from 50 cents to 60 cents per hour.

A total of 68 applicants were referred to jobs during the month. Of this number 60 were hired by the employers to whom they were sent, 29 veterans were placed on jobs during the month.

The Murphy office is equipped to give specialized service to employers in selecting suitable workers. If employers will list all of their job openings with the Employment office, many of the applicants who contact the office daily can be referred to a suitable job, thus reducing claims for unemployment compensation.
