Win No. Carolina 4-H State Honors

NORTH CAROLINA'S 4-H state winners in the 1946 Field Crops, Food Preparation, Poultry and Dress Revue award programs who will each receive a trip to the 25th Anniversary National 4-H Club Congress in Chicago, and brief outlines of their records follow:

Lindbergh Bunn, 17, of Spring Hope, won highest rating in the state 4-H Field Crops Activity, in which International Harvester provides the awards. During eight years of club work, Lindbergh produced twelve acres of corn, four of tobacco, two of potatoes, and two of soybeans. He has proved to the community that he could increase the average yield in corn from the usual 20 bushels to 85 bushels per acre by using heavier fertilization, thicker planting, approved cultivation and hybrid corn. He increased his potato yield to 35 bushels by better spacing, and tobacco to 1,300 pounds by spraying small plants for blue mold before they were set out, and ridge planting. Lindbergh has given 19 talks to various groups and demonstrated individually and as a member of a team before audiences totaling 1,400 people.

She has served her club as junior leader for six years, and won many awards on her exhibits, including \$107.00 in prize money.

Her winning outfit is a blue crease-resistant rayon gabardine dress, which buttons down the front. The buttons are the same material as the dress. The long

sleeves are gathered at the cuff, and a convertible collar can be worn either open or closed. Dorothy made a clear plastic raincoat with full rayon sleeves to wear over her dress-up clothes. She also made a hat from an old discarded felt, and a pocketbook from the frame of an old bag of her mother's. Total cost of her outfit was \$12.21.

Sarah Lewis, 17, of Union Mills, wins the Chicago trip award provided by Swift & Co. for her record in the National 4-H Poultry Achievement Activity. During six years in club work, Sarah raised 2,450 fowl. She won \$25.00 in cash prizes on exhibits, which brought her estimated income from all 4-H projects to \$6,203.58. How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strains of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. TRY IT!
