

### Farm Price Rise Expected In '51

Prices received by Tar Heel farmers will average about 10 per cent higher in 1951 than in 1950, believe specialists of the State College Extension Service.

The statement is contained in an agricultural outlook summary which is being distributed to farm agents in all of the State's 100 counties. The conclusions given in the summary are based on data provided by the U. S. Department of Agriculture.

According to the summary, production costs will be higher in 1951. Taxes will be higher. Farm labor is expected to be higher in price and more difficult to obtain. Supplies of feed, fertilizer, and farm equipment appear to be adequate but likely to be higher in cost and more difficult to get at critical times. Supplies of some pesticides may be short and prices materially higher.

With no extremes of weather, the volume of farm marketings will increase. The expected higher production, selling at a higher price and produced at a higher cost, should yield net incomes to farm operators about 15 per cent above the level of 1950. Family living costs will be higher but the real income or purchasing power of farm families will be improved over the last two years.

The specialists point out that strong inflationary pressures continue to operate in the general economy. Since the Korean incident began last June, the index

of prices received by farmers has advanced 8.5 per cent. Likewise the index of prices paid by farmers in October, 1950, was up 7 per cent from a year ago.

The outlook statement is based on the assumption of neither a full war mobilization nor a complete turnabout in the cold war toward world peace and disarmament.

## YOU BUY INSURANCE BECAUSE YOU'RE SMART—NOT BECAUSE YOU GET A KICK OUT OF IT AT THE TIME—

When we deliver an insurance policy, nobody ever says: "Oh boy, what a beautiful policy!"—but when somebody has a fire or a lawsuit or a loss of some kind, and we deliver a check from the insurance company—THAT is when people really like us. IT HAPPENS FREQUENTLY. Bear with us when we try to get you to carry the insurance you should—but love us when we help you meet your loss. THAT'S ALL WE ASK.....
