NOTICE OF SUMMONS IN THE SUPERIOR COURT BEFORE THE CLERK

NORTH CAROLINA, CHEROKEE COUNTY, TOWN OF MURPHY, Petitioner,

vs
MARY B. MURPHY, and/or the unknown Heirs of Mary B. Murphy, if deceased, Mary Emma Meroney, widow, and Barbara Meroney Allen and Husband, Richard Allen, Respondents

The defendant Mary B. Murphy, and/or the unknown Heirs of Mary B. Murphy, if deceased, Mary Emma Meroney, widow, and Barbara Meroney Allen and Husband, Richard Allen, will take notice that action entitled as above has been commenced against them in the Superior Court of Cherokee County, North Carolina and that the purpose of said action is to condemn a right-of-way for an electric line over certain property in Murphy Township, Cherokee County, North Carolina, adjacent to the Eastern city limits of the Town of Murphy in which said respondents may have an interest, said lands being more particularly described in a deed from B. B. Meroney and wife, Martha A. Meroney to Mary B. Murphy dated July 22, 1889 and recorded in Office of Register of Deeds for Cherokee County, North Carolina, in Book No. 23 at page 541, reference to which deed is made for more particular description of said lands.

And the said respondents will further take notice that they are required to appear at the Office of the Clerk of Superior Court for Cherokee County, North Carolina, and answer or demur to the petition in said action within ten days after the 13th day of September, 1951, or the petitioner will apply to the Court for the relief demanded in said petition.

This the 15th day of August, 1951.

J. L. HALL, Clerk of Superior Court. 5-4c

TRAIL BLAZER - with plenty on the ball

How long since you lifted the hood of a car, and took a good look at what's beneath?

We like to have folks do that with a Buick.

You'll find that broad bonnet isn't put there for show. It's packed with horsepower—high, wide and handsome—more horsepower than normal drivers will ever use in full. And—if you're up to date on modern features—you'll find that this bonnet is packed with these too.

Do you know, for example, that every new engine introduced or previewed in recent years is built on the valve-in-head principle?

Score one for Buick. No Buick engine has ever been built in any other way.

Do you know what it takes to make full use of high compression? A valve-in-head engine!

Score two: Buick has been stepping up compression ratios for years.

But Buick has blazed one trail which other engines still haven't followed—don't ask us why.

Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail.

Fact is, in every flame-packed cylinder there is a comet—rolled into a swirling ball by a special turbo-top piston—touched off by a flashing spark every 5 inches you travel in a Buick.

That's why we're proud to show folks that Buicks have a Fireball Engine—and prouder still to have them take one of these thrilling performers out on the road.

Want to try it? Come in and see us soon.

Equipment, accessories, trim and models are subject to change without notice.
