

Explains Social Security Act

Wage earners and self-employed persons planning to retire this year under the new social security act should promptly get in touch with the local Social Security Administration field office, Glenn H. Pittenger, manager, announces. Because of the nature of certain changes in the law, it is important that these persons know just how they may be affected by them before actually retiring.

"Those who retire before July 1, 1952, will not be qualified for the maximum benefit—except in rare cases," he declared. "And only in a few instances can the \$80 monthly benefit be paid before January

Speeding Charged To 4,000 Motorists

Nearly 4,000 North Carolina motorists faced court action for speeding last month the Department of Motor Vehicles reports. In its first monthly summary of traffic violations for the new year the Department reported 3,851 speeding convictions; 2,206 convictions for reckless driving and 1,538 for driving without an operator's permit.

For failing to stop for a stop sign or red light 644 motorists were convicted; 305 answered charges for driving with improper lights; 228 were caught and convicted for passing on hills and curves; and 112 were convicted for failing to give a hand signal.

Failing to give right-of-way brought 104 convictions. Miscellaneous violations carried the month's total to 10,211.

Out of state drivers accounted for another 1,335 convictions, bringing the grand total to 11,566 persons found guilty of traffic violations on the streets and highways of the state during January.

River Hill

Mr. and Mrs. Glen Hamby of Oak Park were guests of Mr. and Mrs. Clyde Williamson Sunday.

Mrs. Lorine Garland of Asheville is spending several days with her father and mother, Mr. and Mrs. Clyde Williamson.

1953. This is the main reason why those planning retirement this year should ask us where they stand.

The maximum retirement payment under the new formula is \$80 a month and the minimum is \$20 monthly—depending on the average monthly earnings.

"Beginning April 1952, two new factors enter the old-age and survivors insurance picture," Pittenger said. "One, the new formula for figuring benefits may be used for the first time. And secondly, those aged persons whose work came under social security for the first time beginning January 1951 may, by April, have enough credits to qualify them for benefits."

The Asheville office is open from 9 a. m. to 5 p. m., Mondays through Fridays. In addition, a representative will be at the Court House in Murphy on the second Monday each month at 1 p. m.

Booklets explaining the new law are available upon request, the manager said. The address of the Asheville Social Security Office is 203 Flatiron Building.

Valentine Party Planned By Club

Bellview Youth Fellowship Club met at Bellview Methodist Church Saturday at 7:30 p. m. with Miss Jerry Ruth Smith, president, in charge of the program. Others taking part were Rorace Roberts and the Rev. and Mrs. Lonnie Davis.

The next meeting, a devotional and Valentine party, will be at Bellview Community House Saturday at 7:30 p. m. everyone is invited.

WOOD'S PERMANENT PASTURE MIXTURES

Grand Champion Hereford grazing on Wood's Permanent Pasture Mixture

FURNISH MORE GRAZING!

They are more economical, productive, nutritious and palatable than Ladino Clover with Orchard Grass or Tall Fescue alone. Improved by many years of experience, they grow off faster, flourish in dry summers, crowd out weeds and bear abundantly for many years. With Ladino, Orchard and Tall Fescue as a base, they contain 6 legumes and 9 grasses which make their maximum growth at different times throughout the year for prolonged grazing and furnish a balanced diet which will not cause bloat.

It looks like a "POWER YEAR"

New Horsepower—new Brake Power—and new Power Steering blossom on Buick's ROADMASTER for 1952

MAYBE you've heard—horsepower has hit a new high on the ROADMASTER. Brake power has done the same. But today, we'd like to concentrate on the third member of the power trio—Buick's own version of Power Steering, available on ROADMASTERS at a moderate extra cost.

What is this Power Steering like? It's something like a helping hand, something like a "hydraulic slave"—that relieves you of all steering strain, but lets you keep command.

What we mean is this: Power Steering is handled by a special hydraulic unit—and engineers can design this unit to take over any amount of steering effort—even to a point where the wheel seems to float in your hand. But in that case, you'd surrender all control to that hydraulic unit—get no steering "feel" from the wheel.

Now suppose you're telling two agile tons of automobile what to do in traffic. We think you'd like to have it know that you're in command.

And—out on the straightaway—we believe that a part of the joy you get from owning a Buick is the sensation of having something alive and eagerly willing beneath your hands.

So we're glad to announce that Buick engineers didn't spoil this thrill. They've kept the fun of driving, and simply eased the effort.

When you're rolling along smooth and straight, it takes almost no effort to keep any Buick on course. It almost steers itself, as every Buick owner knows.

But—when you want to get away from a curb—back into a parking spot—make a turn—Buick's Power Steering comes into action, saves four-fifths of the effort required with ordinary steering. Power Steering does the extra work.

And—in case you wonder what happens if Power Steering gets out of kilter, the answer is nothing. Your Buick steers just as it always has. That's why we've been saying, "This is Power Steering as it ought to be."

Come in. Try it out. We think you'll agree.

Equipment, accessories, tires and models are subject to change without notice.

Sure is true for '52

When better automobiles are built
