"THANK YOU FOR THE CHANCE to watch my daughter grow up"

I don't think I would have known how to say good-bye to my little girl. Thank you for the chance to watch her grow up . . .

I'm one of the lucky ones—one of the 70,000 saved each year. There should be more of us.

The dollars you give mean so much to those of us who face cancer. Those

dollars paid for the leaflet that sent me to my doctor . . . paid for his training on an American Cancer Society fellowship.

Yes, I am one of the lucky ones. With your help there will be many more . . . Won't you show you care with a generous gift? Send your gift to "Cancer," care of your local post office.

TO THE PEOPLE OF CHEROKEE COUNTY

In announcing my candidacy for Representative of Cherokee County to the 1953 State Legislature, subject to the action of the Democratic Primary on May 31st, I want it clearly understood that I am not a candidate of any person, group, or organization. For more than thirteen years I have lived among the people of Cherokee County and have been their servant as minister and teacher; therefore, I am sure the voters will not be misled by rumors, accusations, or insinuations. I ask that the facts be presented and that the people decide. I have worked among the people of the county long enough to know what they want and need.

I believe:

1—That the legalized sale of alcoholic beverages is a blight that destroys the moral and spiritual life of the home and the community. I am against such sale.

2—That next to the home and church the Public Schools have the greatest influence in building tomorrow's citizens, I am for the progress of our schools. I supported the Road and School Bond Issue the result of which we today are proud.

3—That the surest way to prosperity for our county is to cause the farmer to prosper. I believe measures for the good of the farmer should be supported.

4—That the natural resources of our state—streams, lakes, forests—should be improved and protected with much diligence.

5—That the new industries in Cherokee County should be fully supported, and other industries be encouraged to locate here.

If you believe these things and want to see them come to pass, I ask your support on May 31st.
