McCLURE'S FURNITRE CO. MARBLE, N. C.

DALE THRASH For Congress

He says that on account of the great expense of building and maintaining roads in Western North Carolina we do not get a fair share of Federal and State Highway Funds.

Last year he got for this division an extra \$2,500,000 from the special State Funds.

Part of this money is building the new road from Murphy to Andrews now.

If he goes to Congress he will do more than any other man to get for Western North Carolina a fair distribution of the Federal Road Money that comes to North Carolina.

Dale Thrash has been and is now a friend of the people in Cherokee County. Cherokee County people certainly should vote for him.

You had rather have a man in Congress whom you know than one whom you do not know and who does not know you.
