Roy H. Plemmons and the late Mrs. Plemmons, former residents of Andrews. Mr. Plemmons was for six years District Engineer of the State Highway Department here.

The deceased is survived by his wife, a son, his father and a brother, Howard Plemmons, of Tucson, Ariz.

### William D. Hicks Dies At Age 53

William Dewey Hicks of Andrews, age 53, died at his home at 3:30 p. m. Tuesday following a long illness.

He is survived by his wife, Mrs. Mary Passmore Hicks, two daughters, Mrs. Alene Gibby and Mrs. Marvin Gibby and by one son, Walter Hicks, all of Andrews.

Also surviving are four brothers, Lawton, Eldon and Aston of Andrews, and Shelley of High Point, and two sisters, Mrs. Culla Mae Mathis and Mrs. Lora Curtis, both of Andrews.

He was a member of the Juna-

### Edna Seabolt Pleads Guilty

Edna McDonald Seabolt, of Route 3, Murphy, was arraigned before Justice of the Peace F. O. Bates July 8, on a charge of making false statements, knowing them to be false, to obtain unemployment benefits from the Employment Security Commission of N. C., announces William Heyward, Claims Deputy of the Employment Security Commission. The defendant was charged with representing herself to be unemployed during a period of several weeks in 1950, when in fact she was employed by the Imperial Laundry of Murphy.

The defendant through her attorney, entered a plea of guilty as charged and was sentenced by the court to pay a fine of \$20 and costs of court.

laska Baptist Church.

Funeral services will be conducted at 11 a. m. Thursday, with the Rev. Francis Postell officiating. Internment will be in Valleytown cemetery.

Ive Funeral Home is in charge.

### Bryson Held On Assault Charge

Bruce Bryson, 45, is being held in Murphy jail, without privilege of bond, pending the outcome of injuries received by his brother, Walter Bryson, at their home near Andrews Saturday evening.

Walter Bryson, 55, received multiple lacerations and fractures about the head H<sub>2</sub> is in an Andrews hospital where his condition is critical.

Bruce Bryson was arrested by Deputy Sheriff Henry L. Carver on a warrant of assault with a deadly weapon.

Investigation of the case is incomplete.

### Announce Social Security Schedule

The Social Security Administration servicing Murphy and Cherokee County announces a new schedule of visits effective July 1. A representative from the Asheville, North Carolina Field Office will be in Murphy on the third Monday of each month. He will be located in the Court House at Murphy from 1 p. m. till 3 p. m.

All persons seeking information pertaining to social security (Federal Old-Age and Survivors Insurance) should contact the representative at the above time and place, or call at the Asheville Office located in Room 203, Flatiron Building. The Asheville Office is open from Monday through Friday from 9 a. m. to 5 p. m.

The value of milk cows and heifers on North Carolina farms in 1951 was estimated to be around \$61,000,000. Enough milk is produced annually in America to fill a river 3,060 miles long, 40 feet wide, and three feet deep.

# IT'S HERE NOW!

## THE NEW 100,000 MILE Re-usable LIFEGUARD SAFETY TUBE

by

# GOODYEAR

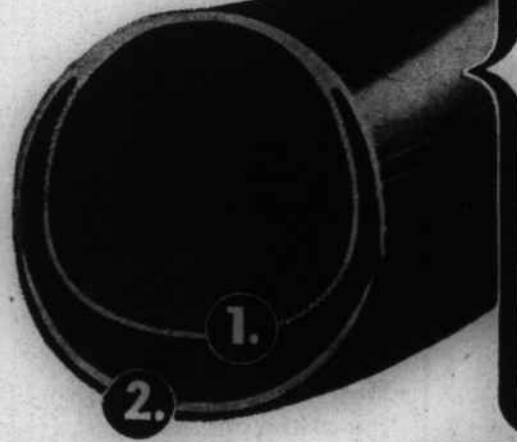

### Blowout-Safe! Puncture-Safe!

Here it is! The new LifeGuard Safety tube that makes the worst blowout harmless and instantly seals punctures. And this complete protection is economical. These new tubes will serve through as many as three sets of tires for 100,000 miles of re-usable protection. Come in for your set today.

1. No more worrying about blowout accidents.

2. No more lost time changing flats from punctures.

**ORDINARY TUBE**

When this tube blows out, all the air escapes in a rush and very often the car is thrown out of control. Tragic accidents may result.

**How the LIFEGUARD works**

**Blowout-safe . . .** When this tube blows out only the air in the outer chamber escapes. The inner chamber retains enough air to permit a safe, straightline stop. No tragic accidents result.

**Puncture-Safe . . .** When this tube is punctured, Goodyear puncture sealant (a layer of gun rubber) flows into the hole and around the puncturing object to prevent loss of air.
