ATHLETES FOOT GERM HOW TO KILL IT. IN ONE HOUR.

If not pleased, your 40c back. This STRONG, fungicide SLOUGHS OFF the outer skin to expose buried fungi. Kills it on contact. Get Greaseless, Instant-drying T-I-L at any drug store. Today at Mauney Drug Company.

Set Dates And Bag Limits For Hunting Season

The North Carolina Wildlife Resources Commission, at a meeting in Raleigh recently, set the dates and bag limits for the 1952-1953 hunting season, according to Clyde P. Patton, Executive Director. Three hundred thousand copies of the hunting regulations were printed and placed in the hands of license dealers August 1 when the hunting licenses went on sale.

Following are dates and bag limits made official by the Commission's action:

Bear: Open season October 15 through January 1, with a daily bag and possession limit of two. There are minor exceptions in western counties with regard to the use of dogs for hunting bear, and a daily bag limit of one instead of two. No bear weighing less than fifty pounds may be taken.

Deer: With minor exceptions a state-wide daily bag and possession limit of one deer, with a season limit of two, was established.

Avery, Burke, Caldwell, Cherokee, Clay, Graham, Macon, Madison, McDowell, Mitchell and Yancy Counties will have three seasons: November 17-18, 24-26, and December 3-6, with local exceptions.

Wild Boar: No change over last year's season.

Raccoon and Opossum: The general season extends from October 15 to February 14, with exceptions in certain central counties. In some western counties no guns may be used for taking raccoon at any time, night or day, and there are other local exceptions with regard to the use of axes and saws for hunting raccoon. There is no

bag or possession limit for raccoons except in certain western counties.

Rabbits: State-wide open season from November 27 to January 31, with a daily bag of five, possession ten, and a season limit of 75.

Squirrels: October 1 to January 1 in thirty mountain counties. A daily bag of eight, possession limit of sixteen, and a season of 100 squirrels will be allowed, with local exceptions in the western part of the state.

Quail: State-wide season from November 27 through January 31, with a daily bag limit of eight, possession sixteen, and a season limit of 100.

Wild Turkeys (Gobblers only): State-wide season from November 27 through January 31, with a daily bag of one, possession two, and season limit of three.

Ruffed Grouse: October 15 through January 31, except that in and northeast of Mitchell County the season is from November 27 through January 31. The daily bag limit for grouse is three, possession six, and thirty for the season, except that in and northeast of Mitchell County two grouse will be allowed daily, four in possession, and twenty for the season.

A uniform trapping season from November 15 through January 31 on mink, muskrat, opossum, otter, and raccoon was established. No raccoons or otters may be taken in traps west of U. S. Highway No. 1. In some southeastern counties the season will be December 1 through February 15.
