**Esso Extra Gasoline**

Many motorists believe that all good gasolines are generally pretty much alike. But here are the facts as proved by industry-accepted road and laboratory tests!

Esso Extra gives you a remarkable combination of qualities that will improve the all-year, all-around performance of 9 out of 10 cars on the road.

We believe a trial will prove to you Esso Extra delivers results no other gasoline can. It gives you full power, long mileage, high anti-knock, quick starting, fast engine warm-up, and protection against vapor-lock stalling.

And while you're at your Esso Dealer's, there's certainly no better time to let him give your car a complete lubrication and careful check-up for the hot weather driving you'll be doing.

\*Esso Extra Gasoline is good for ALL cars, but in 9 out of 10 it will give better all-around performance all year 'round than any other gasoline. Only a car with an engine that's poorly adjusted, badly worn, or one with unusual compression characteristics may be unable to use fully the many extra qualities of this great gasoline.
