## Savings like this

Machines like this enable Southern Bell to salvage about three million feet of copper wire a year by splicing left-over lengths together and re-insulating the joints.

### MEAN SAVINGS ALL ALONG THE LINE

Saving every usable bit of wire, each pound of lead, aluminum and steel that can be salvaged for re-use, is just one of many ways Southern Bell keeps down the cost of telephone service.

Making every practical economy, working our facilities to the utmost and constantly improving our methods and equipment help keep telephone service one of today's best bargains. Day and night, a well-trained, capable and courteous team of telephone folks is working to provide good service at the lowest possible cost... for National Defense, for industry, and for you. — Southern Bell Telephone and Telegraph Company.

Telephone service takes a smaller part of the family budget than it did ten years ago... and most subscribers can call twice as many people.
