IN MEMORIAM

In memory of Dennis Trout who passed away July 18, 1951. Memories are treasures no one can steal. Death leaves a heartache no one can heal. Some have forgotten you now that you are gone. But I will love and remember you. Not matter how long. The flowers we place upon your grave. May wither and decay. But love for you who sleeps beneath. Will never fade away.

Surging Power with a Single Purpose

Turning into traffic, you call on the surging reserve of acceleration that set new official AAA performance records for the Red Ram V-8.

SAFETY!

When you choose a car for your family, you call on your good judgment to obtain every measure of safety. One safety factor you should certainly consider is the magnificent reserve of power that Dodge provides in the 140-h.p. Red Ram V-8 engine. This power is there when you need it: For passing, for turning into highway traffic, for crossing intersections. The cost of safety is very low: Dodge prices start below many models in the "lowest-priced" field.

Passing a truck on the highway, a touch of your toe brings instant, eager response. Dodge power reserve is a great safety factor.

Powerful brakes, capable of developing more than 700-h.p. in stopping power, team up with the Red Ram V-Eight engine to bring you new mastery of every driving situation.
