Why more than a million owners this year have chosen the "Worth More" FORD!

They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one fine car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

Lowest-priced V-8 in America And the only V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!
Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it was the winner in 1953 Mobilgas Economy Run.
Smoothest Ride, with front end road shock reduced up to 80%, is another Ford big-car feature... and you get it without gas-eating extra weight.
Five-Car Build means using steel of the same quality and thickness as in costlier cars. Ford is the most completely insulated car in its field.
Permanetic Drive is the only "automatic" in its field with the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.
Finest Power Steering—that's Ford Master-Guide. Does up to 75% of the steering work yet retains normal steering "feel" on the straightaways.

Join the swing to **FORD** ... take a Test Drive today!
