STATE OF NORTH CAROLINA DEPARTMENT OF STATE PRELIMINARY CERTIFICATE OF DISSOLUTION

TO ALL TO WHOM THESE PRESENTS MAY COME—GREETING: WHEREAS, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the SNOWBIRD MOUNTAIN LODGE INC. a corporation of this State, whose principal office is situated at No. Street, in the Town of Robbinsville, County of Graham State of North Carolina (Edwin M. Wolfe being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 55, General Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution: NOW THEREFORE, I, THAD EURE, Secretary of State of the State of North Carolina, do hereby certify that the said corporation

Johns - Manville Bldg. Materials Asphalt Shingles-Roll Roofing Asbestos Siding GIBBS HDW. & AUTO SUPPLY

did, on the 1st day of January, 1954, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my office as provided by law. IN TESTIMONY WHEREOF, I have hereto set my hand and affixed my official seal at Raleigh, this 1st day of January, A. D. 1954. THAD EURE 31-4tc. SECRETARY OF STATE

The number of chicks hatched in North Carolina during the first 11 months of 1953 totaled 1.73 billion, compared with 1.64 billion during the same period a year earlier.

Ford's New Ball-Joint Suspension gives you the Newest Ride on the Road!

This revolutionary new Ford front suspension soaks up road shock before it reaches you! Makes all riding and handling easier!

Seals out dirt. You can forget road splash because dirt and water can't get in to the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean—wear is kept to a minimum.

Keeps that new-car feel. You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

THE "OLD" ROADS won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too, not only on turns but on the straightaways as well. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal this modern ride—because no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford. Whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six you get the quick response and smooth, quiet operation of a modern overhead valve, low-friction deep-block engine. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership—with clean, modern lines... sparkling new colors... and harmonizing upholstery fabrics and trim.

Eliminates 12 wear points. Ford's Ball-Joint Front Suspension eliminates 12 of 16 points of wear found in conventional systems. Rubber-bushed supports at inner ends of suspension control arms not only reduce the number of wear points but also insulate chassis from road noises.

We cordially invite you to Test Drive a '54 Ford
