"Reaching From Heaven"

When you're buying your new tractor, here's a tip . . .

BE SURE YOU CAN GET THE IMPLEMENTS YOU'LL NEED!

When you buy a tractor there are certain things to look for in the tractor itself—power, performance, economy and convenience. The new Ford Tractor has them all—plus low price!

But before you pay out your money for any tractor take a good look at the implements that go with it. How many modern quick-attached tools are there to choose from? Just a handful, or over 50 as there are in the Dearborn Line?

Naturally you need only a few implements to make the Ford Tractor pay off but you can get more whenever you see new ways to increase profits.

Yes, you'll find in the Dearborn Implement Line another reason why the Ford Tractor is a highly profitable investment for modern farmers. Let us demonstrate how Dearborn Implements and the Ford Tractor get more work done, faster. Credit terms available on both tractor and implements. See us soon.

Economical Home Beautification Be Told By Specialist

Miss Pauline Gordon, extension specialist in house furnishings and housing, will be featured in a housing school Monday, Mar. 22 at 1:30 p. m. in the courtroom.

Miss Gordon represents N. C. State College, Raleigh, and is an outstanding specialist in her field. Any persons interested in making their home more attractive and livable at little expense, are invited to attend.

On Tuesday, Mar. 23, Miss Gordon will train the County Home Demonstration House Furnishings leaders. In this connection a workshop will be held in refinishing furniture. Each leader will bring furniture to refinish.

is to notify all persons having claims against said estate to present them to the undersigned on or before the 25th day of February, 1955, or this Notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment to the undersigned.

This the 28th day of January, 1954.

BEN D. PALMER,
Administrator, C. T. A. 30-61c

MODERN MACHINERY IS THE ANSWER

This somewhat complicated looking machinery has one simple function—to safeguard your health. Coble Dairy's modern plant makes use of modern, proved machinery in every step of its milk processing. The result is Grade A Milk at its best in taste and quality.

The above picture shows our quick pasteurizer which guards its own functions. If for some reason the temperature of the pasteurizer falls below the safe degree of heat for pasteurizing, the machine automatically flows the milk back to the raw milk supply. If it's Coble's Milk you can be sure it's pasteurized at the RIGHT temperature.

Seal of Quality
