

HERE ARE THE FACTS, KERR SCOTT!

You said, Candidate Scott, in a speech at Durham as quoted in The News and Observer of May, 22, 1954: "All the people want are cold, hard facts and the opportunity to pass upon them. The people want from their political leadership clean, fair and honest campaigns".

THESE ARE COLD, HARD FACTS, KERR SCOTT:

1. You received from the State in 1952, while you were Governor, \$12,658 for highway right-of-way through your 2300-acre plantation.
2. You leased a rock quarry on your farm to a contractor building roads for the State, and thus profited in another way from the road program.
3. Since you were acknowledged as Boss by your Highway Commissioner, a total of 19.5 miles of secondary roads were built in and around your 2300-acre plantation.
4. Your son used a State car to travel to and from Raleigh while he was a student in Duke University.
5. In violation of law, you accepted pay from East Carolina College for making a speech at this State Institution while you were Governor.
6. You accepted gratuities as Governor, including \$1,141.87 worth of nitrogen solution delivered to your farm by the Liberty Manufacturing Company of Red Springs to fertilize your pastures for a political rally you never held.
7. You have refused to make public your income tax returns so the people can decide for themselves to what further extent you unlawfully enriched yourself as Governor.
8. You fired or attempted to fire numerous State employees because they did not vote for your hand-picked candidates as you dictated.

YOU ASKED FOR THE FACTS, KERR SCOTT! AND YOU GOT THEM!

We agree with you: "The people want from their leadership clean, fair and honest campaigns". The people also want clean, fair and honest candidates.

when you trade for

New ALL-NYLON CORD Super-Cushions

by
GOODYEAR

This great tire is made with Goodyear's exclusive Nylon Cord and S-T Nylon—the only nylon cord that is as strong as its point of maximum resistance. The result? A tire so strong that it has been shown to stand up to the toughest road conditions.

And its anti-vibration tread practically eliminates road noise. This remarkable tread has 1806 inches of non-skid tread and 890 deep-cut safety slots for 12% greater resistance. When you realize that this new 1954 All-Nylon Cord Super-Cushion costs only a few dollars more than standard tires, yet gives you so much more, you can see why we say, "Trade today without delay!"
