HOW DO YOU FEEL ABOUT NUISANCE TAXES?

There is a proposal before the Legislature to impose a nuisance tax on soft drinks in North Carolina. This proposed tax would raise the price you pay for soft drinks by 20 per cent. In other words, you'd be taxed extra for enjoyment of a low-priced, wholesome pleasure! How do you like the idea of paying a 20 per cent penalty on soft drinks? What are you going to do about it?

Help us defeat this unsound, unfair tax that would fall hardest on groups—such as children and working people—least able to pay it . . .

THIS IS YOUR FIGHT, TOO!

Here's How the Bottling Industry Stands:

"We ask no special favors and we seek no exemptions. No business has the right to expect to escape fair taxation—but every business has the right to expect that it alone will not be singled out for a special tax not applying to other products on the merchants' shelves."

Only Car at its Price* . . . So Smart! So Big! So Powerful!

*You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars

Whatever you want most in a car—beauty, size or performance—you get it in extra measure in a Pontiac. In fact, when you choose Pontiac the decision comes very easily—because Pontiac alone, at its price, gives you everything!

For example, take Pontiac's distinctive smartness. Certainly there is no question on this point. Pontiac is the one car that stands apart from all the others.

If it's size and big-car sure-footedness you want—Pontiac's your car! Pontiac's long wheelbase—124 inches in the Star

Chief, shown here, and 122 inches in the 860 and 870 series—is the plus wheelbase that provides the roominess, the comfort, the satisfying road-hugging security that only a big car can supply.

As for performance—once you get behind the wheel you have all the proof you need that Pontiac is way ahead in this department, too. Pontiac's spectacular performance starts with the most modern engine of all—the powerful new Strato-Streak V-8—specifically designed for Pontiac's all-new chassis to give you balanced

performance. That means smooth, eager getaway in traffic; power to spare on the open road; and even more of Pontiac's traditional economy, dependability and long life.

All this adds up to a wonderful car and—with Pontiac's remarkably low price tag—a very wonderful buy. Come in soon and talk dollars and cents. If you're in the market for any new car, you'll discover you can easily afford all the pride and pleasure of a big, powerful, luxury-loaded Pontiac.
