# Most Powerful Car at its Price!

**Come in and try the sensational performance of Pontiac's 200-HP Strato-Streak V-8!**

If all the talk about horsepower has left you confused, let this one simple fact set you straight.  
Model for model, the sensational new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any car in its field.  
And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or the regular 180-horsepower Strato-Streak V-8.  
The Strato-Streak V-8, part and parcel of every Pontiac, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide fine-car comfort and handling.  
Come in at your first opportunity and road-test Pontiac's spectacular Strato-Streak V-8 performance and you'll quickly see why sales are now at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Pontiac
