

Miss Heaton's Pupils To Give Recital

Members of Miss Heaton's dancing class will present their spring recital Friday evening May 20 in Hayesville school gymnasium.

Among their numbers will be the Military Tap, French Can Can by a group of girls and the American Charleston.

One of the favorite dances of the

CATHOLIC SEED CORN
FARMING TOO IS "SUCCESS"
For years now the brightest of our rural youth often have been picked by parents and teachers to "succeed". Unfortunately to "succeed" always has meant "succeed in the city." Somehow being a good farmer just wasn't "success."
As a child matures, he somehow becomes so used to hearing that he will succeed (in the city) that he no longer seriously considers making farming his life work. Regardless of the fact that such a young man may have the opportunity to become a farm owner, the chances are that he will sacrifice it for the doubtful "success" of trying to become a city banker, lawyer or business man.
But farming is a way of life to challenge even the greatest minds. All of our youth should be given an education that will help them become skillful farmers. Promising young people should be encouraged to get a firstclass education at colleges of agriculture. People with such an education are needed as genuine farmers and leaders in rural communities.
If a young man is trying to make a choice between the farm and the city, these are some points to consider:
The farm is the natural home of the family.
The farm provides space, light and air.
On the farm, father, mother, children all have definite role in securing the family income.
City wives and children are usually completely dependent on the income of the husband. Because of this children are unwanted, and the family dies out in a few generations. And much more important, the farm family has the better chance of being a more religious family, and a more Christian family.
God bless you now,
Rev. Joseph Dean

Here's why PONTIAC WINS BUYERS FROM EVERY OTHER MAKE

It's a king-size luxury car—Biggest at its price!
Pontiac is a big, roomy car. Here it is: A car with 122" or 124" wheelbase—longest in its price field, even longer than some models in the top price range—and with true big-car stability to match. Luxury is in key. For quality of fabrics, conveniences and appointments, Pontiac compares with the costliest cars.

It's a 200-horsepower performer—Most powerful at its price!
As the only car with the Strato-Streak V-8, Pontiac has a big performance advantage. This newest and most efficient V-8 enables Pontiac to provide more power than any car has ever delivered at Pontiac's price—a full 200 horsepower with the four-barrel carburetor, an extra cost option; 180 H.P. is standard.

It's a future-fashioned beauty—Most distinctive at any price!
Style-conscious motorists turn to Pontiac for true mode-of-tomorrow design, beautifully different from any other car on the road. Exclusive Vogue Two-Tone styling, Twin-Creaked hood and low, rakish lines give you a car that you know will remain a prideful possession for many years to come.

It's America's topmost value—Greatest buy of any year!
Pontiac is selling at the fastest rate of all time for this simple reason: America agrees—when you can get the size, power, beauty and luxury you want at Pontiac's easy price, that's the place to put your money. Come in and get all the facts.

You can buy a big, 200-horsepower Strato-Streak V-8 Pontiac for less than many models of the lowest-priced cars and for much less than stripped economy models of higher-priced makes—none of which equal Pontiac in combined power, size and future-fashioned beauty.

CAN YOU SEE, STEER, STOP SAFELY? CHECK YOUR CAR—CHECK ACCIDENTS.
