CATHOLIC SEED CORN

GOD THE SON: JESUS CHRIST

- Who is Jesus Christ?**
Jesus Christ is the Son of God, the Second Person of the Blessed Trinity, true God and true Man.
- What do we call the doctrine that expresses this truth?**
It is called the doctrine of the INCARNATION, which means literally, "coming into flesh," that is, the Son of God took a human nature and united it with His Divine Nature. "In the beginning was the Word, and the Word was with God, and the Word was God; . . . and the Word was made flesh and dwelt among us." (St. John 1. 1-14)
- Did Jesus Christ have a human mother?**
Yes; His Mother was the Blessed Virgin Mary.
- Did Jesus Christ have a human Father?**
No; He "was conceived by the Holy Ghost, born of the Virgin Mary" (Apostles' Creed)
"The Angel answering said to her: "The Holy Ghost shall come upon thee, and the Power of the Most High shall overshadow thee." (St. Luke 1. 35)
- Who, then, was St. Joseph?**
St. Joseph was the legal spouse of the Blessed Virgin Mary, but Mary preserved her virginity. St. Joseph was, therefore, only the foster father or guardian of Jesus Christ. He and Mary lived as brother and sister.
- How many Persons are there in Jesus Christ?**
In Christ there is only one Person, a Divine Person; but in this one Person are united two natures: the Divine Nature of the Son of God, and the human nature of man.
"The Word was made flesh and dwelt among us, and we saw His glory, of the Only-Begotten of the Father, full of grace and truth." (St. John 1. 14)

God love you now.

What's a 3-letter word for \$31,855?

RELAX, MISTER! You won't find it in the dictionary. But in our book the answer is "JOB"—for that's the kind of money it takes to create a job opportunity on the Southern Railway today.

This \$31,855 is our invested capital per employee—the money that has been put into the equipment, land, facilities and other "tools of the trade," without which there could be no jobs.

Because of the nature of the railroad business, this investment per worker is far higher than in most other industries. But it is money well spent. For our invested capital not only creates employment for many thousands of men and women, it also makes possible a modern, ever-improving transportation service that is constantly adding value to the investment all of us have in the Southland and its future.
