## NOT WORTH THE WRECKER BILL

THIS 1948 OLDSMOBILE, bearing a 1951 license plate, last week was hauled out of Apalachia Lake. The auto belongs to Junior Deal of Farmer, Tenn., it was said. Deal had reported the car stolen from his home some time ago and the auto had never been located. Recently when Apalachia Lake was lowered by TVA, the car was discovered at the bottom of the lake, and was reported to the sheriff's office. The sheriff sent a wrecker to haul the car to town. The auto, apparently, from the 1951 license plate, went into the lake some four years ago. It is completely rusted over and "won't even bring the wrecker bill," it was said. (Boat Photo)
