

Mrs. Moore, Mrs. Hilton Talk On Landscaping

Mrs. Cloe Moore and Mrs. James Hilton presented an illustrated joint talk on landscaping at the September meeting of the Cherokee Rose Garden Club at the home of Mrs. Mozelle Puett, last week. Mrs. Ray Bryne, Jr. was co-hostess.

The Club took a final stand on the meeting night of the group and decided to change to the fourth rather than the third Tuesday, as previously moved at the August meeting.

The members voted to inform Town Council by letter that it had gone on record as being in favor of a Local Planning and Development Board.

Rev. Potter, Miss Sneed Attend Meet

The Rev. Robert A. Potter and Judy Sneed left Monday for Knoxville to attend a religious education meeting for the Synod of Appalachia. Judy is moderator for the Senior High Fellowship Council of Asheville Presbytery.

They joined Dr. R. A. McClure and others of the presbytery in Cherokee. The meeting lasts through Tuesday.

Battle-Seay Marriage Vows Said In Andrews

MRS. LOY SEAY
The former Miss Daisy Battle of Andrews.

Miss Daisy Luciene Battle, daughter of Mr. and Mrs. Bruce W. Battle of Andrews, became the bride of Loy Seay, son of Mrs. James Seay and the late Mr. Seay of Tate, Ga., Sunday October 2, at noon in the First Baptist church immediately following the 11 o'clock service.

The double ring ceremony was performed by the Rev. John C. Corbitt pastor of the church.

The vows were spoken before a setting of tall floor baskets of white gladioli and fern. Tall seven-branched candelabras entwined with English Ivy were placed on either side. Arrangements of white gladioli, miniature asters and Gypsophila completed the decorations against a background of ferns.

Miss Sally Buchanan, church organist and the Rev. and Mrs. Corbitt vocalists presented a program of nuptial music.

The bride and bride-groom entered together. She wore a model of steel blue taffeta, street length with fitted bodice and full circular skirt, trimmed with shirred bands of self material, and a matching velvet hat. She wore a white orchid corsage. Her only ornament was a strand of pearls, a gift of the bride-groom.

Mrs. Oscar Palmer, of Akron,

Ohio, was matron of honor. She wore a street length dress of iridescent rose taffeta fashioned with a black velvet yoke, fitted bodice, full skirt, with unpressed pleats.

Her accessories were all black. She wore a shoulder corsage of pink carnations and blue forget-me-nots.

George Seay of Clemson, S. C. served as his brother's best man, and ushers were: Albert Brown Jr., brother-in-law of the bride, W. D. Whitaker, Mark H. Elliott and A. B. Chandler, Jr.

Immediately following the ceremony the couple received in the vestibule of the church.

BUFFET LUNCHEON
Mr. and Mrs. Battle, parents of the bride entertained at a buffet luncheon at 1:00 p. m. at their home for members of the wedding party and members of the immediate families of the contracting parties.

The bride was graduated from the Andrews High School and attended Western Carolina College. She was employed by Whitaker Brothers Department store for the past number of years.

Mr. and Mrs. Seay left following the luncheon for a wedding trip. For traveling the bride wore a tailored mauve suit with all navy accessories and a white orchid corsage. They will be at home after October 15 at Tate, Ga. The bridegroom is draftsman for the Georgia Marble Company at Nelson, Ga.

Miss Battle Is Feted At Church

Miss Daisy Battle, bride-elect of Loy Seay of Tate, Ga., was honored at a miscellaneous shower on Tuesday evening in the Ladies Parlor of the First Baptist Church by members of the Woman's Missionary Society and the BWC.

Pink and white was used in the color scheme for decorations and refreshments. Mrs. Starr Pulliam presided at the punch bowl. She was assisted in serving by Miss Elizabeth Kilpatrick, Mrs. Norma Lunsford and Miss Ada Mae Pruette. Approximately 50 were present.

Prior to this the bride-elect was honored with a handkerchief shower by the Fidelis Sunday School class of which she has served as secretary for a number of years.

PROPOSITION NO. 1
Shall the qualified voters of the Town of Murphy approve the bond ordinance which was adopted by the Board of Commissioners of

FLYING HIGH

The Washington zoo has a monkey that has flown twice as high as any man. Together with another macaque monkey, it rode an Aerobee to an altitude of 36 miles before being parachuted down in the rocket's nose section. Both animals recovered in excellent health and spirits.

said Town on July 5, 1955, and which (1) authorizes bonds of said Town of the maximum aggregate

YES
amount of \$190,000 to finance the cost of reconstructing and enlarging and extending the water supply system maintained by said Town to provide a supply of water for said Town and its inhabitants, and acquiring the land or rights in land, furnishings, equipment, machinery or apparatus constituting a part of said improvements or properties at the time of said reconstruction, enlargement and extension and (2) authorizes the levy and collection of an annual tax sufficient to pay the principal of and interest on said bonds; and also approve the indebtedness to be incurred by the issuance of said bonds.

SCIENCE AND RELIGION

The Bible says that God created the world in six days. Many scientists say that the world took millions of years to be formed. What about that? Today we measure our days from sunrise to sunrise, 24 hours! Is that the length of the days mentioned in the Bible? Well, according to the Bible itself, the sun was not made until the fourth day of creation. How long was a day, then, before the sun was made?

Actually, in Hebrew, the original language of the Old Testament, this word used for "day", actually means epoch, age, space of time and may indicate a period of time, either longer or shorter, than 24 hours. Of course, if God wanted to, He could have made everything in 6 seconds. And if He wanted to, He could have, in His Divine Providence, He could have created a flaming gaseous mass of matter. He could have guided and directed it thru 6 billions of years, till it reached the present form of our universe.

Really, the more we examine nature, and electricity, and the speed and course of the stars, the more order and intelligence and mathematical thought we see behind the universe. Now before you have thought, you must have a thinker, before mathematics, you must have a mathematician; and if there is order and intelligence behind the universe, there must be an intelligent Being, a Person, a Supreme Cause, Whom we call God. On Him we all depend for our continued existence. And He it is Who is personally and vitally interested in you and in me.

Therefore, science, rather than destroying or even weakening religion, science confirms it and illustrates it in every phase it touches. Whatever is true in religion must be true in science because our Heavenly Father is the author of all truth.

God love you now.
