

**NEW HIGHWAY ASSET
TO HAYESVILLE AND MURPHY**

The new highway that now connects Hayesville with Murphy is certainly an improvement for both communities. No longer does one have to swing around curves to make this trip. With more and more cars on the road today and the desire of people to want to travel more, this new highway helps lead the way.

It is the fond hope of this editor that this new link will bring our two communities closer together not only in travel but in mutual undertakings as well.

So, welcome to Hayesville and we're glad you are nearer to us by way of travel.

**Berkshire Knitting Mills 5th Anniversary
open house**

Friday, November 9, 1956 / 5 to 8:30 P.M.

Five years ago, in 1951, Berkshire Knitting Mills built a completely new, modern full-fashioned hosiery mill in Andrews. With only a handful of help from the parent mill in Reading, Pennsylvania, to train the first employees, the mill's production and payroll have grown steadily ever since. We are deeply grateful to our 350 co-workers. Their skill has enabled us to maintain our world-wide reputation for Quality workmanship. Their teamwork has enabled us to produce our *thirty millionth* stocking in five short years at the Andrews mill. We sincerely appreciate the warm reception we were given by everyone who made us feel-right-at-home here the very first day and each succeeding day. We are pleased, too, that our payroll has contributed to the economic well-being of this community we like so well. To sum it all up, we agree wholeheartedly with the song writer who said: "Nothing could be finer than to be in Carolina".
