ON OUR STREET

By SALLY DAVIDSON

Happy days are here again, eager, smiling children on their way to school, others, well "just sorta so-so".

Charming well-dressed matron, swinging umbrella, walking briskly on our street, "whistling", (I think 'twas a rock and roll).

Two teen-age boys talking about their swim trunks, "these aren't too short, the girls wear them shorter than these."

Lady carrying one large tomato, "It weighs over a pound and I got it for a nickel."

FALL ROUND-UP

The MYF went western and ended the summer vacation with a bang-up shindig. The roundup was held in the church recreation room which had been converted into a corral for the occasion. A rail fence, complete with entrance pointing out the "Bar MYF" was built around the room. Saddles, whips, lassoes, horse shoes, stuffed animal heads, deer and bearskin rugs added to the western effect. The poles in the room turned into caudates with toothpick thorns.

The MFY's came as cowboys. A few looked and dressed like ten derfeet. There was even a dude complete with derby. Louis Martin was given the "award" for the most western costume.

Mr. John Jordan, principal of grammar grade school, was guest speaker. He emphasized the importance of personality in everything people do.

Mr. Wayne Holland called square dances and folk games for the young people.

Other entertainment included singing western songs, swappin' stories, and some real cute skits.

The chuckwagon crew dished out fried chicken, baked beans, creamed potatoes, iced tea, hot rolls, pie and ice cream.

Everyone agreed it was a bang-up way to end the summer.

ASSEMBLY

The student body of Murphy High School assembled in the gymnasium second period last Friday. Mrs. Costello led the chorus and the Student body in singing "Faith of Our Fathers". The Rev. Potter presented a short devotional. Then Mr. Puett explained and commented on some of the new procedures and regulations. He thanked the students for their cooperation in the halls, in using the Coke machines and in using the student parking area.

He praised Mrs. Davis, our dietitian, for the grand job she is doing on transporting lunches for 400 students to the high school.

The town students were asked not to come to school before 8:30. This would relieve congestion in the halls and prevent that early morning boredom that comes from waiting.

Mr. Puett explained why a pupil must have written permission from his parents to leave the campus, that this would be checked and punishment may be expulsion.

Mrs. Bault, our guidance counselor, (incidentally, Mrs. Bault is the only trained guidance counselor west of Asheville) will operate a "lost and found" department.

Mr. Puett urged the student body to support the football team. Betty Kate Wilson introduced Helen Stiles, 1937-38 captain of the cheerleaders. The cheerleaders did several yells, destroyed a cardboard wildcat, and led the school sing. They also introduced John Morris and Jim Hendrix, captains of the football team.

The cheerleaders are Helen Stiles, captain, Alice Jean Palmer, co-captain, Shirley Stiles, Jane Cook, Benny Jo Palmer, Betty Postell, Ruth Bates, Callie Headrick and Linda Greene.

V.I.C.T-O-R-Y

Murphy's 7-0 triumph over Andrews in the football game Friday was a real thrill. There was a steady stream of traffic between Murphy and Andrews, blowing horns, singing school and fight songs, and just talking over the game. All the Murphy fans were happy with a victory.

Next Friday the Bulldogs meet Sylva at Sylva. Sylva also won the seasons opener by defeating Hayesville 32-0. The game promises to be an exciting one. Let's all go to the game and cheer the home team on to another victory.

WELCOME

A hearty welcome to all the newcomers at Murphy High this year! On the faculty we are happy to find Mr. Felix Palmer, Mrs. Martha Palmer, Mrs. Katherine Wells, Mrs. Costello, Mrs. Barbara McConnell and Mrs. Dollie Smart. We swiped Mrs. Costello from the grammar school. Mrs. McConnell and Mrs. Smart are old friends who are back after a year's absence.

The freshmen's faces are new every year. In addition to the freshmen we have several new students who have transferred from other communities. They are Linda Houts, Highland High School grade 10; Fern Howard, Robbinsville grade 11; Betty Sue Wooten, Augus-

ta, Ga., grade 11; Frank McSwain, Franklin, grade 12; Phillip Marcus, Disston, Oregon, grade 9; Jimmy Massey, Tennessee Military Institute, grade 10.

Also Colon Lewis, Asheboro, grade 10; Bobby McDonald, Coquille, Oregon, grade 11; David Bradshaw, Belmont, grade 9; Irene Anderson, Blue Ridge, Ga., grade 12; Anna Sue Graves, Springfield, O., grade 10; Patricia Hackney, Atlanta, Ga., grade 11; and Richard McGill, Groves, Texas, grade 10.

We're glad to have you all, and we hope you'll grow to love Murphy High as we do.

HOT DOG

A weiner roast was given in honor of Anne Parker and Becky Rhodes Saturday night. It was held at Ida Brumby's new home, next door to the O. L. Anderson's residence. Becky is attending Furman University at Greenville, S. C., and Ann is going to Brenau College at Gainesville, Ga.

Approximately 50 of Murphy's young people were on hand to wish them well and help devour weiners with all the trimmings, potato chips marshmallows, and Cokes. Many of the guests brought small items for college use as going-away presents.

COUNTY FAIR

The Cherokee County Fair is in full swing this week. There are many lovely exhibits of all kinds—everything from livestock to oil paintings. There are also the usual rides, games, and eating places one associates with a fair.

The school will let the pupils go after lunch Thursday. There will be student prices for the rides that afternoon.

TAC

The Teen Age Center will not be open this Saturday night because of the fair. In the near future there will be a meeting to elect officers and make plans for this year. All membership cards have expired and new ones will have to be purchased. Mrs. Costello will be faculty advisor at school since Mrs. Ward has gone to California.

FAREWELL

Mrs. Margaret Gibbs gave a going-away party in honor of H. C. Bueck at the Gibbs' cabin on the lake week before last. The group danced, played cards, enjoyed refreshments, and just had a good time talking.

H. C. will be a sophomore at N. C. State College.

... and a potential taxpayer died, too!

HERE'S SOMETHING for every community to keep in mind when those new multi-billion dollar superhighways are in the planning stage—

Land next to a railroad is often ideally suited for industrial use. Put industries on it and you create new job opportunities and new sources of tax revenue for your community. Everybody benefits!

Under these conditions, this land is a valuable community asset. However, through oversight, this asset can be "killed off" completely and forever by putting a new highway too close to the railroad. For most industry must have easy, economical access

to rail service and this is impossible with a highway in between.

The time to protect and preserve this community asset is when the highway is being planned. And it is easy to do. Wherever possible, simply leave an adequate strip of land for industrialization between the existing railroad and the proposed highway. This property immediately becomes doubly attractive to industry—for it then can offer modern rail service on one side and access to a modern highway on the other. You and your community will benefit.
