tact with communism and have seen the disasterous consequences. I have also seen in a small way how they will fight against our nation and what they are prepared to do, and that is why I hope my readers will forgive me for wanting to bring to their attention these things which I have learned.

Going back to my days of boyhood and the trip on the haywagon, those were things one could understand. One could look forward to them. They were wholesome simple, uncomplicated and clean. I am very often tempted to say "Hometown. U. S. A." All of these United States is still fairly simple, even though it is a thousand times more complicated than it was 40 years ago, but basically it is simple. We still, with a lot of goodwill and the Baylor School for Boys at Chatgoing on in our own country. Must we really learn and worry about all these things going on all over the world? They are so complicated. We have such little chance and day. opportunity to be of real assistance. We have such meager means to bring about a change since we feel so completely impotent, incapable and unprepared to change a given situation as we find it.

When one sits down at night and is happy to have done a day's job. one is glad the children are safe in bed without anything worse than some bruises and some bleeding noses. One could be a happy fellow, and should be able to leave well enough alone. In Matthew 22:37, Jesus said " . Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind." This also indicates that a supreme love is required of all those who follow God; to put him first in everything and that all else must be secondary.

Jesus also said in Matthew 10:37, "He that loveth father or mother more than me is not worthy of me: and he that loveth son or daughter more than me is not. worthy of me."

Jesus will have first place in every heart or He will have no place at all. We should love Him so until that supreme love would man ifest itself in our daily lives, in our actions, our every word and especially in the way we keep the sabbath. We should remember the sabbath day to keep it holy, and the best way known to man to keep it holy is to attend the church of your choice, every Sunday, not just on Sunday morning but Sunday night as well. In church we meet together to worship God and He meets with us there. If we love Him only as a friend we will be negligent in our prayers and church attendance. But if we love Him supremely, we will do all that we can for His glory and the edification of His church which He purchased with His own blood. Search your own heart as Jesus asks the question to each individual, "Lovest thou me more than these?"
