PRIEST ARGUES AGAINST STERILIZATION

Murphy, North Carolina
March 25, 1956
Mrs. Giles - Cover
Andrews, North Carolina
Dear Mrs. Cover:

During the next few months a bill
will come up for discussion in Raleigh
on sterilization of certain types
of individuals. One type of individual
is listed as a mother who has al-

communities. But inasmuch as we
do not destroy fundamental rights of
fellow citizens because of fear of a
future abuse of those rights...

My reasons for opposing the bill
and for proposing an alternate
solution are these:

First Argument: The sterilization
of citizens permits the possibility of
denying a fellow man his basic natural
right of free men, that group of citi-

Second Argument: The right of
human reproduction is one of the
most basic of human rights. It is
concerned with the family itself.

Take this case of an example. An
unwed mother has three illegitimate
children with or without any personal
guilt on her part before the age of 21.

Third Argument: Such sterilization
would then increase promiscuity
among our young people. There
would no longer be the deterrent of
a possible pregnancy and the morals

Fourth Argument: Before giving
an alternate solution, I have one
rather personal argument that many
others can probably duplicate. A
good friend of mine and his wife
adopted a tiny infant, who happened

To this bill many citizens of this
county are opposed, and I speak for
them, not as a religious delegate, but
first, as one of your constituents...

Easter Season

Mary S. is in her 30's. She lies all day and night on
a small folding bed. Her legs are bent up under her. The disease
is in her arms, also. So she can no longer turn the pages of a
book. One eye is blind due to bed-infection; the other may be
affected. And yet her heart sings the Easter "Alleluia!"

Saint Paul tells us much about the faithful Christian's
resurrection. "What is sown in corruption rises in INCOR-
RUPTION" (I Cor. 15-42). The body can no more be cor-
rupted by decay or affected by heat, cold, or disease.

As the body of Christ did GLOW at his transfiguration
and resurrection, so will a Christian's. "What is sown in dis-
honor rises in glory" (I Cor. 15-43). The sun, the moon, the
stars, each has its own glory; "so also with the resurrection of
the dead" (I Cor. 15: 41). Yes, "the just shall shine forth like
the sun in the kingdom of their Father" (Mt 13: 43) because
Christ "will refashion the body of our lowliness, conforming
it to the body of his glory" (Phil 3: 21).

And the body shall be freed of its present heaviness and
limits. It will be capable of moving with great AGILITY and
the utmost ease and swiftness. "What is sown in weakness rises
in power" (I Cor. 15: 43). We shall move with speed of
thought.

Scripture teaches...
will of God will
salvation as a sub-

Those who have experienced sal-
vation are not only to take up the
cross but are to follow Jesus. This
means to submit to His will. When
one submits to the Lord's will, He
submits to His Lordship. "And why
call ye me, Lord, Lord, and obey
not the things which I say?" Luke 6: 46.

Then said Jesus unto his disci-
ples if any man will come after Me,
let him deny himself, and take up his
cross, and follow Me. For whosoever
will save his life shall lose it; and
whosoever will lose his life for My
sake shall find it. For what is a man
profitable, if he shall gain the whole
world, and lose his own soul? or
what shall a man give in exchange
for his soul?" Matt. 16: 24-26.

We all know well that the masses
of people are not going to heaven.
"Not everyone that saith unto me,
Lord, Lord, shall enter into the
kingdom of heaven; but he that
doeth the will of My Father which
is in heaven. Many will say to me
in that day, Lord, Lord have we not
prophesied in Thy name? and in Thy
name done many wonderful works?
I never knew you; depart from Me,
ye that work unquently." Matt. 7: 21-

It will take you about 4 minutes to find out why

It Pays to Own a Dodge!

(It could save you hundreds of dollars!)

Okay, it's settled. You've thought about it
and talked about it and now you've decided: A new
car—and soon. Now for the jackpot question.
Which '59 car will it be?

Unless you happen to be a Mr. Gotrocks, you'll
probably think pretty carefully before you finally
make the move. You'll do more shopping and
compare more closely. And you'll ask yourself
some basic questions. How much will a new car
cost me to buy? How much will it cost me to drive?
What do I get for my money?

Until this year, it was hard to compare different
makes of cars to find which offered the most
value for the money. It was like comparing apples
and bananas. But not any more. Not since all new
cars are required to carry price labels. Now, for
the first time, you can compare various makes
and models and see exactly what you're getting
for your money. It's like exposing the hole cards
in a game of stud poker! You know exactly
where you stand.

Why should you buy a Dodge?
No one has to tell you that there are a number of
cars on the market that sell for less than a Dodge.
No car on that count. You know it and we know
it. But there are things you get in a Dodge that
you simply can't get in these other smaller cars.
And this is important. Dodge gives you all of
these things—the bigness and roominess, the
comfort and ride, the luxury and prestige—for
less than other cars in its field.

It's not just a few dollars less, either; in many
cases it's literally hundreds of dollars. So some
Dodge models are even priced lower than the so-
called "low-priced cars." (We'll be happy to show
you the actual suggested retail prices.)

All cars cost money to run—but how much?
It would be nice if you just bought a new car and
that was that. It didn't burn gas. Didn't use oil.
Never needed service. But that's wishful thinking.
Cars do use gas and oil. They do need service
occasionally. But that doesn't mean that all cars
cost the same to drive and maintain. Not by a
long way. There's a big difference.

Dodge is designed to run for less
Dodge has always had a reputation for economi-
cal operation. People who have owned them have
found it costs less to run a Dodge, and that a
Dodge needs service less often.
Take gasoline economy. The new Dodge 230 cc.
in. Red Ram V-8 engine, because of its design and
efficiency, will take you miles farther on a gallon
of gas than any other V-8 in the Dodge field. You
save money every mile you drive.

But that's only part of the story. The way Dodge
is engineered and built saves you money on such
things as engine wear, brake relining, tune-ups,
spark plug replacement. When you add them all
up, they represent quite a saving. Another reason
why it pays to own a Dodge.

What do you get for what you pay?
According to Manufacturer's Suggested Retail
Prices, Dodge generally costs less, model for
model, than other cars in its field. Find out
daddy. But while price is important, it isn't the
only consideration. The real standard of value—
whether you're buying a new car or a car of

...is what you get for what you pay. It's the
"extras" you get at no extra cost that really
determine which car is the best buy.

Dodge gives you more for less
Talk is cheap. Anyone can make claims. So let's
be specific about the extras you get in Dodge at
no extra cost. Torston-Alva Ridd—conceded the
finest suspension in the industry—standard equip-
ment on all Dodge models. Total-Contact Brakes.
Safety-Rim Wheels. Electric Windshield Wipers.
Independent Parking Brks—all standard on
Dodge. Of course, you can also choose from such
Dodge options as Push-Button Driving, Full-
Time Power Steering and Swing-Out Swivel Seats.

There's a big difference in comfort, too
Goodness knows, we certainly don't want to
knock competition. But we feel obligated to point
out the comfort and convenience of the '59
Dodge. If you've tried getting into seats of the
other '59 cars you know just what we mean.
To say it is difficult would honestly be an un-
derstatement. That's why we hope you'll come in
and compare the difference in Dodge. How much
easier it is to get in and out of a Dodge. How much
more comfortable it is to sit in a Dodge. How
much more room you have to stretch out. Really,
it pays to own a Dodge.

It doesn't cost a penny to get the facts
We don't expect you to rush in and plunk down
your money for a new Dodge just on the basis of
what you've read. But if what you've read seems
to make sense, we do hope you'll stop in to see,
to drive and to price a Dodge. We think it's a
whole of a buy, but then maybe we're prejudiced.
Why not drop in and judge for yourself. We'll
be more than happy to give you all the facts.
No obligation, of course.
